The Wilkes-Barre Area School District, in the 2017-2018 school year, will operate Schoolwide Title I Mathematics and Reading Programs in all secondary Title I schools. The goal of these programs is to best service our most at-risk student population while increasing the academic performance of all students. Title I programs are designed to help children meet the state content and performance standards in reading, language arts, and mathematics. We look forward to meeting the parents/guardians of our Title I students so that we may work together to help your children succeed in the classroom.
