**Communications from Citizens**

1. Jessica McClay, N. Penn Ave., Wilkes-Barre, PA  
Ms. McClay addressed the Board in regard to a baseball game she had just attended. Ms. McClay wanted to inform the Board about the G.A.R. Baseball Freshman Coach and the manner in which he conducted himself at the baseball game between G.A.R. and Holy Redeemer this evening (May 12, 2014). Ms. McClay stated that she has never before witnessed such disturbing and disrespectful behavior from a coach. Ms. McClay noted that the coach was repeatedly using foul language, threw the gatorade container onto the field and used foul language toward a Grandparent who requested that he watch his language in the presence of children.

Dr. Prevuznak, Superintendent, along with Mr. Galella, Chairperson of the Athletic Committee, stated that behavior like that is not tolerated and will be addressed immediately and necessary action will be taken.

2. Frank Soreck, 125 Waller St., Wilkes-Barre, PA 18702  
Mr. Soreck addressed the Board in regard to House Bill-Senate Bill 76 and asked that the Board consider making a motion to instruct the Solicitor to send a letter of support to Senator Yudichick regarding House Bill-Senate Bill 76.

**LUZERNE INTERMEDIATE UNIT**

Miss Katsock informed the Board that the meeting of the LIU for May and June will be held on the third Wednesday at 6:30 PM at the Luzerne Intermediate Unit. Miss Katsock noted that all Wilkes-Barre Area Board Members were given copies of the minutes of the previous LIU Board Meeting.

**WILKES-BARRE AREA CAREER & TECHNICAL CENTER**

Mr. Quinn informed the Board that a Board Meeting of the WBACTC is scheduled for Monday, May 19, 2014. Mr. Quinn also noted that the WILKES-BARRE AREA CAREER & TECHNICAL CENTER 2014-2015 Operating Budget will be presented and voted on at this evening Board Meeting (May 12, 2014) by the Board of Directors of Wilkes-Barre Area School District.

**CURRICULUM COMMITTEE REPORT**

**Mr. Galella presented the following report and recommendations for the Board's approval:**

1. That approval be given to enter into a Partnership Agreement with Luzerne County Head Start, Inc. to continue the availability of Head Start school readiness services for three and four year old children residing in the areas served jointly by Luzerne County Head Start and the School District. **Mr. Caffrey moved to accept the Resolution by ACCLAMATION**

Ms. Thomas said she would like to put a motion in place regarding the control of student cell phone use in the classroom for the 2014-2015 school year.

Ms. Thomas stated that she would like to also put a motion in place for an "In School Suspension Program" for all schools.

Dr. Prevuznak, Superintendent, addressed both concerns of Ms. Thomas regarding the Cell Phone Policy and In School Suspensions.

Dr. Prevuznak stated that in regard to the Cell Phone Policy, there is a policy in place and previous Boards allowed students to have cell phone in school as long as they are turned off. Dr. Prevuznak stated that the rationale behind this were the safety issues for the students while on route to and from school. Dr. Prevuznak stated that we can revisit the Cell Phone Policy and possibly add additional restrictions.

Dr. Prevuznak stated that in regard to the In School Suspension, he (Dr. Prevuznak) would suggest that the Board may wish to consider a Pilot "In School Suspension Program". Dr. Prevuznak noted that it has been a deterrent in other Districts in regard to discipline problems and he (Dr. Prevuznak) believes an "In School Suspension Program" should be examined. Dr. Prevuznak stated that he would like to meet with Ms. Thomas and any and all Board Members who may want to participate along with Administrators to discuss the "In School Suspension Program" in depth.

Board President Elmy asked Ms. Thomas if her questions were answered regarding the use of cell phones.

Ms. Thomas replied "yes".

Ms. Thomas motions to have an In School Suspension in all eight Wilkes-Barre Area School District Schools.

Attorney Wendolowski stated that, while we are on the question of the "In School Suspension" motion, perhaps we should consider having the Administration investigate what would be needed to implement an "In School Suspension Program", ex: staffing, monitors, locations, etc..

Dr. Prevuznak noted that he would like to meet with Ms. Thomas, Administrators and Union Representatives to address concerns/implementation regarding an "In School Suspension Program".

Dr. Prevuznak noted that a principals meeting was being held on Thursday, May 15, 2014 and his main topics will be the Cell Phone Policy, In School Suspension and the Dress Code Policy.

Mr. Evans presented the following motion:

Motion:

Dr. Prevuznak, colleagues of the Wilkes-Barre Area School Board. Some 3 years ago, the Instructional Support Team Program (1ST) was voted out of our curriculum by the former Superintendent and Board Members citing cost savings reasoning.

As our district continues to evolve, we are increasingly challenged to meet the multiple needs of our student population. The large increase in students with multiple issues is on the rise and our duties to best serve these children on a limited budget is greatly stressed to limits beyond compare. Despite budget concerns, rising healthcare costs and aging buildings, our duty as a public school system has not changed. At this time, we are held to higher and higher standards as a public school system and it is our sole duty to educate our students in least restrictive environment possible with the limited monetary resources we possess.

As board members our duties and responsibilities are great. We are continually asked to an impossible job with the constant scrutiny from the public eye. As a board member, I am empathetic to this mission although I would like to offer a suggestion of a way that we can best serve the academic needs of our students with a minimal cost to the district's budget.

My suggestion at this time is to IMPLEMENT THE 1ST PROGRAM BACK INTO OUR ELEMENTARY ED CURRICULUM. Like most programs, 1ST needed to change but the basic core and mission of this program is one that is essential to addressing the multiple academic needs of our struggling student population. Since the cancelation of 1ST, we have asked one person to take the role of Child Study Facilitator. A role that was accomplished by a total of five educators in the past. Since the dramatic downsizing of this program, the number of referrals to special education dramatically increased and I feel many students are being placed in special education due to our limited resources in providing alternatives. Another concern that I hear from our parents is the lack of communication that ensues when trying to address their child's needs. The former Instructional Support Program was essentially the link between our teachers and families when communicating to a parent their child's academic concerns. Parental contact was much easier to access by someone who has multiple opportunities to make contact rather than the teacher who is tied to a more stringent schedule. Next, having an Instructional Support Teacher, who knew the faculty and students on a more personal level when associated with one school, made for a clearer picture of a how we can best help a student. Their insight, expertise and ability to see the child in multiple areas was an essential part of helping a student's achieve academic success. This once again is an impossible task for one person to accomplish when serving all buildings district wide. I have also seen a large number of families who have negative feelings towards the school system who were more willing to get involved because they felt they had more than one ally when it came to meeting their child's needs. A Guidance Counselor serves in this role but their true expertise is in behavioral and social issues where our former 1ST was always grounded in academic concerns. In addition Principal, Teacher, 1ST Teacher, Guidance Counselor, School Psychologist, Nurse and of course PARENTS of students involved work as a TEAM offering comprehensive program to addressing our

students at risk. Finally if we were to look at the backgrounds of the majority of our families, many are very transient and are reluctant to set roots down in one place for an extended amount of time. This creates a difficult puzzle of information that needs much time to decipher and to tract down records from multiple schools, states and teachers. In conclusion our children's needs are great. Many of our Wilkes-Barre Area children struggle academically, socially and emotionally but we are a district of many success stories and proven programs that need to be given a chance again. A resurgence of the 1ST program would afford our students to make academic gains and essentially save our district some 4 million 700 thousand dollars on special-ed services since the 1ST program was eliminated. The cost of educating a regular education student is far cheaper than educating those identified in special education programs. I have seen tremendous success of the previous program, and if we could provide our students with the 1ST Program again it would greatly benefit all stakeholders of the Wilkes-Barre Area School District.

**Mr. Evans moved, seconded by Ms. Thomas,** to implement the IST Program back into our Elementary Ed Curriculum.

Mr. Galella stated that he would like to have additional information, such as number of teachers required and the cost of re-instating the program, prior to voting on the Motion.

Dr. Mileski, Director of Pupil Personnel, presented a detailed explanation of the services the IST program provided to students in the past and expressed to the Board that it was her professional opinion that the IST Program should be re-instated within the Wilkes-Barre Area School District.

Attorney Wendolowski informed Mr. Evans that a motion is in place and if it is passed, the Board would be required to implement the IST Program now and if you want that motion to continue, it will need to come to a vote because there has been a second to your motion. Attorney Wendolowski noted the other option is, you (Mr. Evans) can make a motion to amend the initial motion, and the motion would be to have the Administration pursue all necessary avenues to have the re-institution of the IST Program placed in the Budget for the upcoming school year.

**Mr. Evans moved, seconded by Ms. Thomas,** to modify the motion to instruct the Administration to do all that is necessary to present information to the Board to consider the re-institution of the IST Program for the upcoming 2014-2015 school year. The vote was as follows:

**9 Ayes:** Caffrey, Evans, Galella, Katsock, Quinn, Susek, Thomas, Walker, Elmy

At this time, President Elmy presented a Certificate of Achievement to Terry Vrabc, from James M. Coughlin High School, who has been named and recognized by, PIAA State Swimming and Diving Championships as 100 m breast Stroke 8<sup>th</sup> place medalist.
