

# STEM NIGHT

Wilkes-Barre Area STEM Academy

## Parent/Student information night

- Come see the exciting educational opportunities available to your child within the Wilkes-Barre Area STEM Academy.
- See the projects and classes offered within this unique program.
- Hear first hand accounts from current students about how the STEM program has helped them to grow and develop both academically and socially.
- Learn about networking connections students are making in the local business community.
- Explore the facilities and equipment available to students upon acceptance into the STEM Academy including our 3d printers, VR Software, and laser cutting machines.
