**Federal Programs Department**  
 730 South Main Street  
 Wilkes-Barre, PA 18711-0376  
 (570) 826-7111 ext. 1122

Dear Parent/Guardian,

Once again, in response to your comments and suggestions, the Wilkes-Barre Area School District would like to invite you to participate in one component of our **Family Literacy Program** for parents and students, our **Family Math and Reading Workshops**. These workshops are designed to be both informative and fun for parents and children alike. The workshop program will focus on mathematics and reading skills. All students in grades 3 through 7, accompanied by a parent, are invited to participate. The goal of this program is two-fold:

- To increase the performance levels of our students while utilizing one of our most valuable resources, parents and guardians.
- To show parents how best to aid their children in acquiring the basic skills needed to succeed in school.

We'll have some fun, too!

The program will be held on a Saturday morning at Genetti's Hotel and Conference Center. This central location was chosen with the convenience of our parents in mind. Workshops will be held on **March 4, 2017 from 9 AM to 12:15 PM**. Breakfast will be provided, free of charge, to parents and students who participate. Parking is also free. And we will have a drawing for families who attend. Families will have a chance to win prizes and the top prize is a Kindle! We hope you will join us in this most worthwhile endeavor.

**If you have not returned your response, please reserve your seats by calling the Federal Programs Department at 570-826-7111, extension 1122 to provide the information below:**
