SECONDARY SCHOOLS

HANDBOOK

A Message from our Superintendent

It is the goal of the Wilkes-Barre Area School District to provide a safe, productive learning environment for each of our students. This handbook serves as a guide to help both students and parents become familiar with the policies and procedures of our district's secondary schools. Since schools, by nature, differ so widely in need, it is our intention to achieve consistency in striving to meet the diverse needs of our students and our school community. It is my sincere belief that this student handbook achieves this result. In addition, we encourage our parents/guardians to become familiar with this document to assist their children in their day-to-day academic career. By providing a well-structured, disciplined environment in our schools, we strive to achieve good school citizenship while maintaining strong academic achievement. Students, I hope you take advantage of the many opportunities that our district presents to you. You can be proud of what you achieve during your years in the Wilkes-Barre Area School District. Good luck in your pursuit of educational excellence.

Brian Costello

SCHOOL DAY

Solomon Junior High School

Students at Solomon Junior High School who enter the school prior to the 7:50 a.m. bell will proceed directly to the cafeteria. They will enter the building through the junior high entrance. Once there, students must remain until the bell rings at 7:50 a.m.

At 7:50 a.m. students will proceed directly to their lockers and homerooms.

The school day at Solomon/Plains starts at 8:00 a.m. and ends with a dismissal bell at 2:58 p.m. Students and parents should realize that students are obligated to remain until 2:58 p.m. However, if they do not have an assigned class, or are not detained by a teacher, they may be excused at 2:15 p.m. Similarly, students are required to attend any remediation, detention, or scheduled class assigned to them for the eighth period. The 10th period will end at 2:58 p.m. and is legally part of the school day.

After 10th period, all students report to the cafeteria until buses arrive and/or a parent or other authorized person comes into the building to pick him/her up.

Coughlin, Meyers and GAR High Schools

Some students at Coughlin, Meyers, and G.A.R. High Schools are assigned classes and/or laboratories in the morning before 8:10 a.m. The scheduling of these classes is the result of the course selections made by the student and parent/guardian. By choosing courses that may require morning classes, the student and parent/guardian agree to the stipulation that attendance is mandatory for these classes. The scheduling of these classes, along with A.M. detention and pre-A.M. busing are the only exceptions to students being allowed admission to their building prior to 8:00 a.m. Examples include signing up for classes at the Wilkes-Barre Area Vocational Technical School, selecting science classes that require a laboratory, and/or selecting six major subjects. For disciplinary and grading purposes, missing or being tardy for a morning class will be treated the same as missing a class or being tardy during the normal school day.

As decreed by policy of the Wilkes-Barre Area Board of Education, the school day for students who attend Coughlin, Meyers, and GAR begins at 8:20 a.m. and 10th period ends with dismissal at 3:18 p.m.

Tenth period is a scheduled period for students whose schedules cannot be met during the nine period day. It is also used as a period for a student to make up work such as tests or quizzes, to receive remediation, and to attend detention. Students who are not scheduled for a tenth period class or who are not assigned detention by a teacher or Principal, must leave after the end of ninth period. Please note the official school day does not end at 2:30 p.m. If a student is required to stay during 10th period for remediation or detention, the student is required to stay unless dismissed by an administrator.

Inclement Weather or Emergency Dismissal

There is always the possibility that school may be dismissed early because of inclement weather or some other type of emergency. Should this happen and you are not at home, your child should be aware of a definite secondary home to go to where there is adult supervision. Emergency dismissals will be broadcast over the local radio stations and television stations.

When schools are dismissed early because of dangerous weather conditions, please give your child instructions as to where he/she should go if you would not be at home. Please give sufficient time for the children to arrive home safely.

When an emergency dismissal occurs, all children will be dismissed. No students can remain at school.

In the event of inclement weather, there may be a delay of 1, 2 or 3 hours in the opening of school, an early dismissal, or a school closing. For information, please turn to the local television stations such as WBRE and WNEP. In addition message will be sent via the District's SKY ALERT SYSTEM and posted on the District Website

Inclement weather announcements will be broadcast before 6:30 a.m. when possible. Early dismissal, because of dangerous weather conditions, will be broadcast 30 minutes before dismissal.

If there is a delay in starting school, bus schedules will be altered. Student pick-up times will always be delayed. For example, if the school district is delayed 1 hour and the normal pick-up time is 8:00 A.M., the delayed student pick-up time will then be 9:00 A.M. Please note these time adjustments regarding busing.

STUDENT DISCIPLINE

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for the rights of other people. The purpose of discipline is to discourage actions that interfere with classroom control, the educational process or the orderly operation of school.

Every teacher and administrator shall have complete authority over students during their attendance in school including the time required for traveling to and from school.

WILKES-BARRE AREA SCHOOL DISTRICT POLICIES ON CORPORAL PUNISHMENT, SUSPENSIONS AND EXPULSIONS

The following are excerpts from published policies of the Wilkes-Barre Area School District on Corporal Punishment, Suspensions, and Expulsions. The entire article is available in the main office for inspection.

Policy on Corporal Punishment

Please be advised of the following change to the District's Corporal Punishment Policy. Due to the recent revision of the Pennsylvania School Code, Chapter 12, Sec. 5, the use of Corporal Punishment is prohibited as a form of student discipline.

However, teachers and school authorities may still use reasonable force under the following circumstances:

- To quell a disturbance
- To obtain possession of weapons or dangerous objects
- For self-defense
- For the protection of people or property

Policy on Suspensions and Expulsions

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for the rights of other people. With an understanding of the purposes of discipline in a school, the students may help form a correct attitude toward it and not only do their part in making their school an effective place of learning, but develop the habits of self-restraint that make them better persons.

Every teacher and administrator shall have complete authority over students during their attendance in school including the time required for traveling to and from school. The Wilkes-Barre Area School District has a discipline policy that outlines specific courses of discipline for various offenses that have been committed. This policy is available on the district's website.

Purpose:

- To encourage all students to act in a socially acceptable manner.
- To discourage actions which interfere with classroom control, the educational process, and the orderly operation of the school.

Offenses Leading to Suspension

Acts of incorrigibility, fighting, insubordination or other bad conduct such as: profanity, disobedience or physical

abuse to school personnel or other students, defacing or damaging school property, larceny, or other unlawful acts. Truancy, cutting classes, or leaving school without the permission of the administration.

A pupil may be suspended from school for any act on a school bus that endangers the health, safety or property of a student, teacher, chaperone, or bus driver. The type of suspension is governed by the severity of the offense, and the Principal will make the decision. This also applies to all extracurricular activities.

The school board prohibits any act that interferes with a student's rights to an education and a teacher's rights to teach without any unwarranted interference by a student.

It is realized that offenses listed are not all inclusive, and other acts of misconduct could merit suspension or assessment of other forms of punishment. Please note, all offenses will be dealt with on a case by case basis. It is also the right of the Wilkes-Barre Area School District to amend the discipline code on an as needed basis.

Policy on Student Behavior

The following are some examples of student behavior that violate school policy when they occur at school and/or during school activities. This list is not intended to be all-inclusive and does not list actions in order of priority. Students may be disciplined or suspended for any of the following:

Insolence, disrespect, or insubordination.

The use of improper language.

Fighting

Rowdy behavior such as: running, shoving, yelling, etc.

Leaving a classroom or leaving school without permission.

Class tardiness or truancy.

Vandalizing, damaging, or stealing school or private property.

Threatening, intimidating, or causing bodily harm to any person.

DETENTION

At the secondary level (grades 7-12) detention is held during the 10th period. A teacher or an administrator can assign detention. When a teacher assigns detention, the student is to report to the classroom of the teacher who assigned the detention. Detention by a teacher takes precedence over any activity, club, sport, etc., but NOT over a scheduled class. If an administrator assigns the detention, it is considered central detention, and the student reports to an area designated by the building Principal. The Principal and/or assistant Principal/dean of students will assign central detention only. The student is to arrive promptly to the detention and have with him/her class work that he/she is to work on during that time.

Students who have been assigned detention by an administrator and who have to make-up missed class work or a test with a teacher must obtain a note from the teacher. The student is then to present the note to the detention monitor at the beginning of 10th period for approval. Please note that this excuse from detention does not replace or give credit for attending detention. The only way to receive credit for detention is to be in detention.

Please note that A.M. high school detention is also held from 7:30 a.m. – 8:00 a.m. for students who attend afternoon vocational classes, and for students who have extenuating circumstances that prevent them from attending 10th period detention. An administrator will make the decision whether a student can attend morning detention.

SUSPENSION

Suspension is used to correct a situation that cannot be resolved without parental involvement. Suspension may be given from a minimum of one (1) school day to a maximum of ten (10) school days depending on the violation and the

student's past disciplinary record. On the day of the suspension, the principal who suspends the student will call the parent/guardian to notify him/her of the suspension. All suspensions will occur at the end of the school day unless emergency circumstances dictate otherwise. Suspensions may be delayed to the following school day, if parental contact cannot be accomplished. The principal will mail a copy of the suspension to the student's parents/guardians. In addition, the principal will also give the student a written copy of the suspension. When a student is suspended, a parent/guardian must confer with the principal, assistant principal or dean of students before the end of the suspension. Students will not be able to return to school from suspension until a parental conference is held with the principal, assistant principal or dean of students. During the suspension, students may meet with teachers during the 10th period in order to receive missed assignments with the permission of administration or work will be available in the main office.

INFLAMMATORY, UNACCEPTABLE BEHAVIOR AND CRIMINAL ACTS

Any language, gesture or act by a student that creates an offensive situation, disruption, or disturbance in the school, classroom, to or from school or at a school sponsored activity, will be dealt with in accordance with its seriousness. The principal's judgment for appropriate discipline will be administered. Possible forms of discipline will include parental conference, parent notification, central detention, overnight suspension from 1-10 school days, recommendation for expulsion, legal action to include summary citation, and petition to juvenile court. The following is a list of frequent offenses but is not limited to

- Skiping classes
- Walking out of school without authorization
- Walking out of a classroom without authorization
- Disruptive behavior
- Smoking
- Fighting
- Bullying
- Threatening faculty, administration or staff
- Vandalizing school property or possessions of others

Each student shall be responsible to respect the rights of his/her fellow students and to ensure an atmosphere free from all forms of bullying and cyber bullying.

Students shall be encouraged to report bullying or cyber bullying complaints to any staff member.

Any staff member who receives a bullying or cyber bullying complaint shall gather information or seek administrative assistance to determine if bullying or cyber bullying has occurred. If the behavior is found to meet the definition of bullying or cyber bullying, the building principal must complete the appropriate written documentation.

The building principal or his/her designee will inform the parents or guardians of the victim and also the parents or guardians of the accused.

Complaint Procedure

A student shall report a complaint of bullying or cyber bullying, orally or in writing, to a staff member. If a parent initiates the complaint, the appropriate staff member will follow-up with the student.

The staff member will either gather the information or seek administrative assistance to determine if the alleged bullying or cyber bullying conduct occurred.

After the information has been gathered, the building principal shall be notified of the complaint. The building principal will determine the need for further investigation or the appropriate intervention, which may result in administrative discipline to ensure that the conduct ceases. If the behavior is found to meet the definition of bullying or cyber bullying, the building principal must complete the appropriate written documentation.

A violation of this Policy shall subject the offending student to appropriate disciplinary action, consistent with the student discipline code, which may include suspension, expulsion or notification to the appropriate law enforcement authorities.

False Reports

The principal will determine the consequences and remedial actions for a pupil found to have falsely accused another as a means of harassment, intimidation or bullying. Any violation of the PA Crimes Code will be reported to law enforcement.

The following are specific things that teachers can do to help prevent bullying:

1. Make it clear to students that bullying will not be tolerated in the classroom, in the hallways, on the playground, or anywhere at school.
2. Ensure students that if anyone has a problem with bullying, that s/he can talk to you about it in person or by writing you a note about what happened.
3. Immediately take action when you see bullying, name calling, or harassment happen in your presence.

A student may also report incidents/violations to any teacher, coach/advisor, counselor, or administrator.

Any school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy, shall report the incident to the building principal or Compliance Officer as soon as possible (not later than twenty- four (24) hours unless extenuating circumstances justify a reasonable extension of that deadline). The Compliance Officer shall also initiate such disciplinary procedures as he/she deems appropriate.

B. Appointment of Initial Investigator

Upon receiving a written complaint of discrimination, the building principal shall be immediately notify the Compliance Officer. (If the Compliance Office is the subject of the complaint or otherwise not impartial, the building principal shall notify the District Solicitor.) The Compliance Officer (or Solicitor) shall authorize the building principal to investigate the complaint, unless the building principal is the subject of the complaint, is otherwise not impartial, or is unable to conduct the investigation. In the later case, the Compliance Officer or Solicitor shall authorize another building principal or administrator who is not the subject of the complaint and who is impartial to conduct the initial investigation. If no administrators are able to conduct the investigation, the Solicitor shall designate

a qualified and willing administrator from the Luzerne Intermediate Unit No. 18 or school district within that Intermediate Unit to conduct the initial investigation.

District employees and officials shall ensure that the initial investigator shall be appointed and initiate a formal investigation within forty-eight (48) hours after the filing of a written complaint under this policy, unless extenuating circumstances justify a reasonable extension of that deadline.

In the event the person designated to conduct the initial investigation shall be unable to complete the investigation in a timely manner, the Compliance Officer (or Solicitor) shall authorize another appropriate person to complete the initial investigation

C. Rights During Complaint Procedure

The building principal or other person designated to conduct the initial investigation shall be responsible to:

1. Provide the opportunity for participation by the parents/guardian of a minor student and representation by counsel at any conference, meeting, or hearing with a student and in presenting information.
2. Permit an employee to be accompanied by a representative at any conference, meeting, or hearing with the employee.
3. Provide an opportunity for the complainant and the accused to present witnesses and other evidence.
4. Take all necessary interim actions reasonably calculated to prevent any other violations of this policy prior to the completion of the complaint procedure.
5. Comply with the confidentiality requirements of this policy.
6. Notify the complainant and the accused of the status of the investigation and complaint procedure on a periodic basis and at appropriate stages of the procedure.
7. Insure that when a complaint of sexual harassment has been filed by or on behalf of a female student or employee, a female counselor shall be present at all discussions and meetings with the student or employee (unless waived by the student or employee); and that when a complaint of sexual harassment has been filed by or on behalf of a male student or employee, a male counselor shall be present at discussions and meetings with the student or employee (unless waived by the student or employee).

After the initial investigation has been completed, the Compliance Officer shall be responsible to implement the above requirements until the conclusion of the complaint procedure.

D. Investigation

The formal investigation shall include individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation, and shall consider all information presented by the complainant and the accused. Every attempt will be made to conduct and complete the investigation as thoroughly and speedily as possible. The District will apply a preponderance of the evidence standard to all investigations performed under this policy.

The obligation to conduct this investigation shall not be negated by the fact that a criminal or insurance investigation

of the incident is pending or has been concluded.

E. Investigative Report

The building principal or other person designated to conduct the initial investigation shall prepare a written report within fifteen (15) calendar days after commencing the investigation, unless additional time to complete the investigation is required. In that case, the investigator shall report on the status of the investigation to the complainant, the accused, and the Compliance Officer at the expiration of the fifteen (15) day period and every five (5) calendar days thereafter. Although the District may extend the investigation when necessary, it must insure that the completion provides a prompt and equitable resolution.

The written report shall include: (1) the name, race, and national origin of the alleged victim and, if different, the name and race of the person reporting the allegation; (2) the nature of the allegation, a description of the incident, and the date and time (if known) of the alleged incident; (3) the names and races of all persons alleged to have committed the alleged harassment, if known; (4) the names and races of all known witnesses to the alleged incident; (5) any written statements of the reporter, the victim (if different from the reporter), the accused student (s), and any known witnesses; (6) the outcome of the investigation; and (7) the response of school personnel and, if applicable, District-level officials, including the date any incident was reported to the police.

Copies of the report shall be provided to the complainant, the accused, and the Compliance Officer. Any such copies shall be redacted as necessary to comply with the confidentiality requirements of this policy.

F. Appeal

If the complainant is not satisfied with any finding or recommended corrective action proposed in the investigative report, he/she may submit a written appeal to the Compliance Officer within fifteen (15) calendar days after receipt of the investigative report. If the Compliance Officer is the subject of the complaint or otherwise not impartial, the appeal shall be submitted to the District Solicitor who shall designate another administrator to conduct the appeal. If an appropriate administrator cannot be designated, the District Solicitor shall designate a qualified and willing administrator from the Luzerne Intermediate Unit No. 18 or a school district within that Intermediate Unit to conduct the appeal.

An appeal may also be initiated by the Compliance Officer if he/she does not accept without further review the recommended corrective action proposed in the investigative report. In that event, the Compliance Officer shall notify the complainant and the accused that an appeal will be conducted and shall discuss alternative corrective actions with the complainant. (The Compliance Officer may not initiate an appeal if he/she is the subject of the complaint or is otherwise not impartial.)

The Compliance Officer (or other designated appeal official) shall review the investigation and the investigative report and may also conduct a reasonable supplemental investigation.

The Compliance Officer (or other designated appeal official) shall prepare a written determination with respect to the appeal within fifteen (15) calendar days after initiation of the appeal, unless additional time to complete a supplemental investigation is required. In that case, the appeal officer shall report on the status of the supplemental investigation to the complainant and the accused at the expiration of the fifteen (15) day period and every five (5) calendar days thereafter. Although the District may extend the investigation when necessary, it must insure that the completion provides a prompt and equitable resolution.

The written determination shall include a summary of any supplemental investigation; findings of fact and an explanation of the evidence in support of such findings (including a determination with respect to the factual allegations of the complaint); conclusions whether there have been any violations of this policy based on the factual findings and a discussion of the reasons for such conclusions; and a recommended disposition of the complaint, including any recommended district action.

Copies of the determination on appeal shall be provided to the complainant, the accused, and the person who conducted the initial investigation. Any such copies shall be redacted as necessary to comply with the confidentiality requirements of this policy.

District Action

If the investigation or appeal results in a finding that the complaint is factual and constitutes a violation of this policy, the District shall take prompt, corrective action reasonably calculated to ensure that such conduct ceases and will not recur, and to remedy any effects of the violation for which the District is responsible. District action within the authority of administration shall be implemented as recommended in the investigation and appeal process. Recommendations for District action which require Board approval and/or the approval of persons or entities other than the District or its officers or employees shall not be implemented unless so approved.

Any student or employee who is found to have engaged in conduct constituting unlawful discrimination or harassment in violation of this policy shall be subject to discipline up to and including expulsion from school or termination of employment. Disciplinary actions and procedures shall be consistent with the Student Code of Conduct, Board policies and district procedures, applicable collective bargaining agreements, the Public School Code, and other applicable state and federal laws, rules, regulations, and constitutional requirements.

The District will offer counseling and/or academic services to any person found to have been subjected to harassment in violation of this policy, and, where appropriate, counseling services to the person(s) who committed the harassment.

H. Confidentiality

Confidentiality of all parties shall be maintained with respect to the filing, investigation, and disposition of all complaints under this policy, consistent with the District's legal and investigative obligations. The District shall not disclose the name of a complainant (or the student on whose behalf a complaint has been filed) to an alleged violator/perpetrator/harasser if the complainant or the parent/guardian of a minor student so requests, but the scope of a reasonable response to the complaint may be limited as a result (*e.g.*, disciplinary action against an accused individual may be limited or precluded).

Notwithstanding anything to the contrary in this policy, while a complainant has the right to learn the outcome of his/her complaint (*i.e.*, to learn whether the complaint was investigated and whether discrimination/harassment was found), the District shall not disclose to a complainant any sanction or discipline recommended or imposed upon a student or employee to the extent such disclosure is prohibited by the Family Educational Rights and Privacy Act (FERPA) or other applicable laws, regulations, rules, constitutional requirements, or orders. (An exception may apply, for example, in the case of a sanction that directly relates to the victim, such as an order that a violator/perpetrator/harasser stay away from the victim.)

ATTENDANCE

PHILOSOPHY

The success of our schools in achieving the mandated standards and performance levels of education set forth by the PA Department of Education and the Wilkes-Barre Area School District is predicated on daily attendance by the students, continuity of instruction, and classroom participation.

It is the school's responsibility to develop, within the students, a sense of responsibility, discipline, and good work habits. These goals can be reached by maintaining close communication between the home and school and by encouraging, sustaining, and enforcing regular school attendance. Daily school attendance, including arriving to school on time, is necessary for the student's academic and social success.

It is expected that all parents will assist the school in ensuring that their child attends school on a daily basis. Frequent absences result in poor schoolwork and may contribute to the eventuality of a school dropout. Many times, the attendance patterns that a child develops in the elementary grades are carried over into the secondary level, and in some instances, become the foundation of his/her job absentee rate.

PENNSYLVANIA COMPULSORY ATTENDANCE LAW

Compulsory school age begins when a parent/legal guardian enrolls a child in school, but no later than the age of eight (8). Compulsory school attendance is required until the age of seventeen (17), or unless legitimately excused from attending as outlined by the Pennsylvania Department of Education (PDE) and existing school laws.

Once a student is enrolled in kindergarten, attendance is mandatory, and the school attendance laws apply to that student.

Students who are seventeen (17) years of age or older, and have not graduated, may not be asked to leave school merely because they have reached their seventeenth birthday, provided they are fulfilling their responsibilities as students.

Students who are sixteen (16) years of age or older and are employed full-time (35-40 hours a week) during school hours and hold a lawfully issued employment certificate may be excused from the requirements of attendance.

Pennsylvania Compulsory Attendance Law mandates that school districts are responsible for a student's attendance. Consequently, school administrators will determine the validity of a student's absence.

Not every case can be covered in this policy. Administrators will interpret the policy with common sense and exercise good judgment in unusual cases. With this in mind, the following rules are provided as a guide in dealing with student absenteeism and tardiness:

ABSENCES

Absence from school is defined as the non-attendance by a student on a day when school is scheduled.

A student who is absent from school must present a note written and signed by his/her parent/legal guardian explaining why the student was absent. Absences shall be treated as unexcused until the written excuse is submitted to the homeroom teacher upon entering school. If a student fails to produce such a note within three school days, the day(s) missed will remain “illegal/unexcused”.

Excused/legal absences: The following is a list of, but not all inclusive, of excused/legal absences:

1. Illness/Medical
2. Death in the student’s immediate family
 - a. Parent/Legal Guardian
 - b. Sibling
 - c. Grandparent
 - d. Aunt/Uncle
3. Legal and exceptionally urgent reasons that may affect the child
 - a. Unsafe and hazardous road conditions
 - b. Quarantine of the home
 - c. Death in the family other than an immediate family member such as a close friend or relative
 - d. Suspension from school
4. Educational trips (see below requirements)

Request for excused absence for educational trips: The Wilkes-Barre Area School District recognizes that, from time to time, students may have the opportunity to participate in a pre-planned, educational trip during the regular school year. In order for your child to be legally excused and attend the educational trip, the following steps need to be taken and prerequisites met:

1. Parent/legal guardian must get the approval of the administrator by submitting, to the administrator, an official educational trip request form at least two weeks prior to the departure date of the trip. The administrator will evaluate the child’s academic standing, discipline history, attendance record, and the educational value of the trip. The form can be obtained in the main office.
2. If the educational trip is during the first semester of the school year, the child cannot miss five days or more of school. If the child’s absences exceed the five days, the request will be denied.
3. If the educational trip is during the second semester of the school year, the child cannot miss ten days or more of school. If the child’s absences exceed the ten days, the request will be denied.
4. The parent and student shall agree that all class work that is missed during the period of absence will be made up within a time frame established by the administrator.
5. No more than five excused absences for educational trips will be granted per school year.

Unexcused/illegal absences: The following is a list of, but not all inclusive, of unexcused/illegal absences:

1. Failure to wake up for school
2. Missing a scheduled school bus or not having a ride to school
3. Absence without a parent/legal guardian’s knowledge
4. Caring for a sibling in a non-emergency situation/babysitting
5. Running errands and/or shopping
6. Pursuing a talent or skill without the administrator’s prior approval
7. Temporary employment during school hours
8. Going on a vacation without the administrator’s prior approval

9. Failure to provide a medical practitioner's excuse when requested or required
10. Failure to attend school either before or after a scheduled medical appointment. (For example: a dentist appointment, medicine check, court appearance, etc.)
11. School refusal
12. Failure to remedy head lice within three days

PROCEDURES FOR EXCUSED/LEGAL ABSENCES

Absences shall be treated as unexcused until a written excuse is submitted to the homeroom teacher upon entering school. The excuse must be written and signed by the parent/legal guardian, explain why the student was absent, and submitted within three days of the absence. Failure to comply will result in the absence remaining as an illegal or unexcused absence.

Three or more consecutive days: If a student is absent **three or more** consecutive days, the absence must be justified by a written excuse from a medical practitioner. The medical practitioner must have seen the student or the parent/legal guardian must have had communication with the medical practitioner in regards of medical advice or medication. If the student does not present a medical note, all consecutive absences will remain illegal/unexcused.

Ten cumulative days: If a student is absent **ten** cumulative days, a written notification will be issued to the parent/legal guardian stating the amount of total absences and that a medical practitioner's excuse will be required for each subsequent absence. Each absence will remain illegal/unexcused if there is failure to comply.

PENALTIES FOR UNEXCUSED/ILLEGAL ABSENCES

Three unexcused/illegal absences: The student is considered truant and a "Notice of Truancy" will be issued to the parent/legal guardian by the Home and School Visitor.

Six unexcused/illegal absences: The student is considered habitually truant. The parent/legal guardian and the student will be invited to participate in a School Attendance Improvement Plan meeting (SAIP) with Administration, Home and School Visitor, and a representative from The BRIDGE in attendance. Failure to attend this meeting will result in a plan being made without any parental input.

If there is no cooperation and/or the student continues to be absent without an excuse following the SAIP, a Summary Citation will be filed with the local magistrate's office where the proposed SAIP will become court ordered. Failure to comply with this court order may result in a maximum fine, approximately \$300.00 plus court costs, community service, and/or loss of driver's license. The case will also be sent to Luzerne County Truancy Court.

Please note: if the student has six or more unexcused/illegal absences, he/she will lose the privilege to participate in any and all events and extra-curricular activities such as performances, clubs, field trips, participation on any athletic team sponsored by their school, sixth grade trip, fun day, field day, class trips, the semi-formal, the prom, class day, senior tea, etc.

Ten unexcused/illegal absences: If a student has ten or more unexcused/illegal absences and is a senior student, he/she **will not** graduate on stage.

If it is determined that the student, 17 years old or older, has been absent for ten or more consecutive days without justification which includes, but not limited to: unable to locate family, unoccupied residence, student is beyond compulsory age of attendance, the student will be dropped from school roll.

HOMEWORK WHEN ABSENT FROM SCHOOL

If an absence is classified as “excused” or “legal”, the student will be permitted to make-up work when absent from school. Students will be afforded one (1) day for each day of excused absence for work to be completed and submitted. This applies to assignments, quizzes, tests, and/or major projects. There will be no reduction in grade for make-up work turned in following this procedure; however, the assignment/assessment format may be modified or altered.

If an absence is classified as “unexcused” or “illegal”, the student will not receive credit for assignments, tests, quizzes, projects, etc. For example, if a student misses a test due to an “unexcused” or “illegal” absence, the student shall receive a zero. In addition, the teacher is not required to provide the student the opportunity to make up missed work if the absence is deemed illegal.

It is the student's responsibility to obtain the assignments from his or her teachers prior to approved educational trips.

ACTIVITIES WHEN ABSENT FROM SCHOOL

The Wilkes-Barre Area School District maintains a policy that links consistently poor attendance with the loss of the privilege to participate in any extra- curricular activities. Therefore, any student absent from school, either excused or unexcused, may be prohibited from participating in any school activities during that same school day (during school hours and after school hours). Exceptions may be made by the discretion of the administration. Such events/activities include, but are not limited to: performances, clubs, field trips, participation on any athletic team sponsored by their school, sixth grade trip, fun day, field day, class night, class trips, school dances, the semi-formal, the prom, etc.

TARDINESS

Tardiness is defined as the absence of a student at the time school session begins, provided the student reports to school and is in attendance for any portion of the school day. The school sessions begin as follows:

Elementary School:	8:45 A.M.
Solomon Junior High School:	8:00 A.M.
High School:	8:20 A.M.

Daily attendance and being on time are necessary components for students to achieve academically and become productive and responsible citizens.

Legal tardiness: A student arriving late for school for any of the following reasons will be considered an excused late:

1. Doctor’s appointment
2. Dentist’s appointment
3. Mental health care appointment
4. Court appearance
5. Funeral involving immediate family members, relatives, and close friends
6. School related activities pre-approved by the administrator

Excuses must accompany the student when arriving tardy from these appointments. Any other tardy will be considered unexcused and will accumulate on the student’s permanent record card. All tardies will be calculated and translated into equivalent illegal/unexcused absences. (see illegal absences)

Procedures for when a student is tardy: If a student reports to school tardy, the student must report directly to the main office and present a written excuse from a parent/legal guardian stating the reason for the tardiness. Elementary students must be accompanied by a parent/legal guardian. If the student does not have a written excuse or the reason is considered unexcused, disciplinary action will be taken by the administration. In addition, habitual tardiness will not be tolerated and will result in appropriate disciplinary/legal action.

Parents/legal guardians may not accompany their child to the classroom or pick up their child at the classroom. Violation of this procedure may result in legal action.

Cumulative tardiness: All unexcused/illegal tardies will be documented on skyward and will be calculated and translated into equivalent illegal/unexcused absences. Illegal/unexcused absences may result in a summary citation for violation of the Pennsylvania Compulsory School Attendance Law.

Consequences for excessive tardiness: The following are consequences for excessive tardiness per semester:

Five illegal tardies: parent notification letter sent home by administration

Six to Nine illegal tardies: (elementary) loss of recess, lunch detention
(secondary) lunch detention/central detention

Ten illegal tardies: parental conference

Eleven and more illegal tardies: loss of privileges and the duration of the loss of privileges will be determined by the administrator (field trips, sporting events, club activities, dances, and all other extracurricular activities).

When a student reaches the tenth illegal late, a parental conference will be required to discuss the policy and devise a plan ensuring that the student arrives to school on time. Any absences that result from the failure of the parent to attend this conference may initiate a legal action for truancy. The minutes late will be calculated and translated into equivalent illegal/unexcused absences. This may result in a summary citation for violation of the Pennsylvania Compulsory School Attendance Law.

Consequences for illegal tardiness: If a student is tardy two hours or more, the student will not be able to participate in any extra-curricular activities for that day.

STUDENTS BEING RELEASED EARLY

Students will only be dismissed from school for professional appointments, court appearance, emergencies or illnesses. The following procedures must be followed:

1. Upon arrival to school, a written request must be submitted to the main office. The request must include the justification, date, time, telephone number and signature of the parent/legal guardian.
2. **The parent/legal guardian must report to the office** at the appointed time and present proper valid ID. If someone other than the parent/legal guardian is picking the student up, the person's name must be written on the request, must be on the emergency contact card, and must have proper valid ID. The student will then be called to the main office. All parents/legal guardians must remain in the main office. No one may enter into the building and go directly to a classroom.
3. Prior to leaving school, the student must report to the main office in order to be signed out.
4. If the student is being released early from school due to a court or medical appointment, the student must present proof of the appointment upon returning to school.

Students being released early for emergencies: Requests for a student to be released early from school due to an emergency must be made in person by the parent/legal guardian. The administrator will then determine if the emergency is valid or not and then either approve or deny the request.

Students being released early for illness/injury/medical reason: Only the school nurse or administrator can approve an early dismissal due to illness/injury/medical reason. The parent/legal guardian will be notified when a student needs to be sent home. Students will not be permitted to leave without parent's/legal guardian's permission, and the parent/legal guardian must report to the main office before the student will be dismissed.

Please note the following:

1. No student will be excused via a telephone call
2. No student will be sent home alone
3. No student will be excused within the last fifteen minutes of the school day
4. Students being excused from school may be prohibited in participating in any after school extra-curricular activities that day

LEAVING SCHOOL WITHOUT PERMISSION

If any student leaves the school without permission, by either the school nurse or the school administration, appropriate disciplinary action will be taken.

HOME AND SCHOOL VISITOR /ATTENDANCE REFERRALS

Questionable or suspicious absences, frequent absences, and/or irregular or excessive absences shall be reported by the homeroom teacher on a district referral card and referred to the assistant principal or the dean of students. Following review, the information may be forwarded to the home and school visitor for further investigation. The home and school visitor may contact the parent/guardian by either a phone call or a visit to the home.

If no one is at home, the home and school visitor will leave a letter notifying the parent of his visit. The parent/guardian is to write the student's excuse for absence on the backside of the letter. The student will present the excuse to the homeroom teacher upon returning to school. The home and school visitor will record the findings on a referral card and return it to the assistant principal or dean of students. The assistant principal shall review each card, make appropriate comments, and return it to the homeroom teacher.

Information obtained will be documented on all referrals and a PRINCIPAL/ASSITANT PRINCIPAL IS THE ONLY PERSON WHO CAN DETERMINE A DAY TO BE ILLEGAL OR UNEXCUSED. The assistant principal will then notify the homeroom teacher relative to the determination that has or has not been made.

Illegal/unexcused absences shall be used in evaluating a student's eligibility for school activities such as sports, trips, clubs, all extra curricular activities, prom and homecoming courts, elected student offices, and council membership.

PARENT/GUARDIAN TELEPHONE CALLS

The parent/guardian of chronically absent students shall be required to call the grade level principal each day the student is absent and provide justification.

HOMEROOM TEACHER TELEPHONE CALLS

Homeroom teachers or their designee may call the homes of students who are absent. Please note that even though a

homeroom teacher verifies an absence with the parent/guardian by phone, that parent/guardian is still required to write an excuse stating the reason the student was absent.

CHANGES IN STUDENT INFORMATION/WITHDRAWAL FROM SCHOOL

New students registering at school must have proper medical and school records. Parents/guardians must also provide proof of residence. (i.e. copy of lease, utility bill, etc.)

It is imperative that the homeroom teacher and the school office be notified immediately in the event you have a change of address, home or work telephone number, or if emergency information changes during the academic school year.

If the change of address requires transferring the student to another school, parents should notify the school as early as possible. This will allow the teacher and office to properly prepare the papers necessary to ensure the least amount of interruption to the child's educational progress.

Proof of Residency Policy

In order to guard against enrolling students who are not legally living within the boundaries of Wilkes-Barre Area School District, the parent(s)/guardian(s) of all students who register are required to provide proof of residency. For the purpose of this policy, the term parent refers to a natural or adoptive parent/guardian who has a legal or court-ordered document indicating that they, for school purposes, are in legal custody of the student. Legally emancipated students are also required to provide the same proof of residency.

The following documents can serve as proof of residency. The document must be current, have the name of the parent/guardian, and an address within the boundaries of Wilkes-Barre Area School District. While the financial details of the document can be made unreadable, the name, date, and address must be discernable and unaltered. Acceptable documents include

1. A current copy of any 2 monthly or bi-monthly bills such as electric, gas, house insurance, telephone, cable, credit card, etc.
2. A copy of a dated lease agreement for the residence
3. A copy of a dated purchase agreement or mortgage for the residence
4. A copy of a dated court order directing a specific residence
5. A copy of a valid Pennsylvania driver's license with the address listed

For those families that are unable to provide any proof of residency, the home and school visitor will be dispatched to the residence to ascertain with a high degree of confidence the student and parent(s)/guardian(s) are in fact currently occupying that address. Failure to admit the home and school visitor into the home will result in the student not being enrolled into the Wilkes-Barre Area School District.

Any individuals attempting to enroll students without being able to establish a legal residency will be referred to Luzerne County Children and Youth Services.

Any individuals who are suspected of perpetrating fraud by registering a child in a school or school district in which they do not maintain a legal residency will be referred to the appropriate authorities.

PHYSICAL EDUCATION

Every student must take gym and must adhere to the rules and regulations of Physical Education Department,

including proper dress for physical education class. A student who wishes to be excused from gym must present a note from home signed by the parent/guardian to the school nurse. The nurse may approve or reject the excuse. When the student gives a note to the nurse to be excused from gym, they must report to their regularly scheduled class and present the note signed by the nurse to the teacher. The program is designed to provide English language learners with the English language skills necessary to be successful in meeting the demands of the curriculum.

SCHEDULING

Policies

Seventh and eighth grade students are block scheduled. Ninth (9th) through twelfth (12th) grade students are scheduled in accordance with the requirements of the PDE and the requirements of the Wilkes-Barre Area School District.

Following the start of the second semester, guidance counselors provide each student in grades nine through twelve with select available courses through the Skyward Student Management System. Students are informed of the mandated courses and guided in the selection of optional courses that fit into their program of study. This is to insure that all credit requirements are fulfilled for promotion or graduation. If parents or guardians have any questions or concerns they should contact the building administration.

Once all corrected student schedules are finalized, no changes will be permitted unless an error in printing was made. The schedule then is final and no drops are permitted. Please note that requests for a specific teacher will not be honored.

The program of studies for the Wilkes-Barre Area School District determines the graduation requirements and course of study for each student. There cannot and will not be any deviation from those requirements. Any concerns regarding a student's schedule must be channeled through the appropriate guidance counselor.

Students must maintain a defined grade point standard to be placed into and remain in the Advanced track. Likewise, placement in certain courses may require a minimum grade point average, teacher/administrative approval, and/or successfully completing prerequisite classes.

Scheduling Changes

In regard to the selection of courses for the upcoming school year, all requests for a change of schedule must be made before June 1st of the year. After June 1st, all course requests will be locked in and no scheduling changes will be made unless the problem is a result of an error made by the school or the needs of the student change as a result of course failure and not successfully completing a summer school program.

THERE WILL BE NO SCHEDULING CHANGES MADE AFTER JUNE 1ST OR AT ANYTIME DURING THE SCHOOL YEAR UNLESS THE SCHOOL IS PRESENTED WITH A DOCUMENT ON AN APPROPRIATE LETTERHEAD FROM A LICENSED PSYCHIATRIST STATING THE MEDICAL REASON, OR SPECIFIC DIAGNOSIS THAT MAKES REMAINING IN THAT CLASS A PHYSICAL OR MENTAL DETRIMENT TO THE STUDENT'S HEALTH.

Student schedules will not be distributed until the first day of the school term.

The administration reserves the right to alter any schedule at any time to meet the needs of the students of Wilkes-Barre Area.

EDUCATIONAL FIELD TRIPS

Sometimes it may be necessary for a teacher to take his/her class on educational field trips. Parents will be informed about the trip and asked to complete a permission slip and return the slip to the child's teacher. If a signed permission slip is not returned to the teacher prior to the trip, the child will not be permitted to attend. Please note that field trips are a privilege and not a guarantee. Therefore, any student who was suspended due to behavior, in violation of the District Attendance Policy, or designated as a risk can be kept from any field trip by the Principal, assistant Principal, and/or teacher. Approval for any student with reasons for exclusion including suspensions will be determined by administration/teacher discretion. Any money paid directly by the student will be returned (not including fundraising). Also, all students attending the trip must remain for the entirety of the trip and use the same type of transportation as designated by the teacher (i.e. school bus, walking, etc.) No child is to leave early from the trip unless there is a medical reason or an emergency.

Individual Teacher Conferences by Appointment

If a conference is required please contact the school in advance to make arrangements. The meeting will be held at the earliest convenience for the parent and teacher.

PARENT/TEACHER CONFERENCES

District Parent/Teacher Conferences will be held twice a year. One will be held in the fall and one in the spring (dates to be announced).

PARENT VISITATION

All visits require an appointment in writing at a minimum of one day in advance to the building administration. Administration reserves the right to reschedule the visit as needed.

PROGRESS REPORTS

Progress reports are sent home in the middle of the marking period directly with the students. It is the school's desire to have every child working to the best of his/her ability at all times. This report alerts the parents of the child's progress in time for the child to work to improve his/her grade before the marking period ends. It is strongly recommended that when a Progress Report is sent home, parents review the report, sign and return it to the classroom teacher. All parents are encouraged to contact the child's teacher to discuss the progress report if needed.

Incompletes

When a student receives an incomplete for a marking period, the following procedure is to be followed:

The teacher shall notify the student(s) who receive an incomplete for the marking period.

The teacher will meet with the student to establish a time frame for completion of the required course work.

Parents/guardians will be notified to ensure that they are aware of what needs to be completed.

When the incomplete has been made up to the teacher's satisfaction, the grade shall be changed.

If the incomplete is not finished by the established time frame:

The teacher will issue a grade for missing work.

The marking period grade will be recalculated.

Teachers may assign a failing grade for any work not completed. Any grade below 70% is failing. Failed subjects may be made up during summer school.

REPORT CARDS

Report cards are issued four (4) times each school year following a forty-five (45) day marking period. The final report card will be mailed home at the end of the school year.

The grading system used on the report cards is to be interpreted in the manner:

- A. 100-93 (Superior)
- B. 85-92 (Above Average)
- C. 75-84 (Average)
- D. 70-74 (Passing)
- E. Below 70 (Failing)

Skyward Access

All up to date grades and reports are available on Skyward within days of grading completion. Skyward is an online resource that is one convenient location for administrators, teachers, parents and students to access school information. Parents can access student's grades and reports on Skyward. For more information, please contact the school's main office or visit the school district's website. <http://www.wbasd.k12.pa.us>

HONOR ROLL

At the end of each marking period, students who have outstanding grades are recognized by being listed on the honor roll. There are three honor roll categories; Honors, High Honors, and Highest Honors. The following is a list of qualifying averages for each honor roll.

Honors: 85-89.999

High Honors: 90-94.999

Highest Honors: 95-100

Secondary Quarterly Assessments

Quarterly assessments are cumulative exams that are scheduled at the end of the quarter. This exam counts for part of the quarterly grade. Seniors may not have to take quarterly exams depending upon class requirements at the discretion of the teacher.

If a student is absent on the day of the quarterly assessment the student is required to bring in a medical practitioner's note stating the reason for the absence. If the student does not bring a note from a medical practitioner, he/she WILL NOT be allowed to take the exam and then will receive a failing grade for the assessment. The only exception to this rule is if the student is absent due to a death in the immediate family or if the student gets prior permission from the Principal to take the exam on a different day.

NATIONAL HONOR SOCIETY

The following information is taken from the National Honor Society/National Junior Honor Society Charter.

After the student has met the criteria for scholarship eligibility, he/she will be evaluated by the council for character, leadership, and service. This evaluation will be accomplished by obtaining student information through the use of student surveys, records, and documents. The nominated candidates and their teachers, both past and present, will be part of the survey process. Please note that because a student is part of this evaluation process, this does not mean that they are admitted into the National Honor Society. Final selection is based on a majority vote of the faculty council after all the collected data is evaluated.

Please Note: For all Schools

The principal shall reserve the right to approve all activities and decisions of the chapter. They shall be part of the appeals process in cases of non-selection of candidates, and the disciplining or dismissal of members.

Election of Members

Election of members to this chapter of the National Honor Society/National Junior Honor Society shall be by a chapter council, consisting of the five faculty advisors appointed by the principal. A candidate's eligibility will be determined by his/her outstanding scholarship, GPA, character, leadership, and service. A detailed selection procedure is required by each school's chapter and is available on request.

Any member who falls below the standards, which were the basis for his or her election, shall be promptly warned/and or removed. In the case of a flagrant violation of school rules or the law, a member does not necessarily have to be warned. If during the next regular semester marking period the member fails to meet the standards used as a basis for his or her election to the society, his/her case shall be adjudicated by the faculty council. A National Honor Society member must maintain the standards for membership in order to maintain his/her membership.

A member will be allowed only one warning period. Once a member is permanently dismissed, he/she is never again eligible for membership in National Honor Society. In a dismissal case, a majority vote of the Faculty Council is required. A member who has been dismissed may appeal the decision of the Faculty Council.

Non-Selection/Dismissal of Members

Any member who falls below the standards, which were the basis for his/her election, shall be promptly warned/and or removed. A member will be allowed only one warning period, but in the case of a flagrant violation of school rules or the law, a member does not necessarily have to be warned. If during the next regular semester marking period the member fails to meet the standards used as a basis for his or her election to the society, his or her case shall be adjudicated by the faculty council. A National Honor Society member must maintain the standards for membership in order to maintain his/ her membership.

Once a member is permanently dismissed he/she is never again eligible for membership in National Honor Society. In a dismissal case a majority vote of the Faculty Council is required. A member who has been dismissed may appeal the decision of the Faculty Council. When a member is permanently dismissed, he/she must be notified, and his/her emblem must be returned to the advisor or to the principal.

If a senior high school student fails to meet the required cumulative semester average (90) during any one of the five semesters from the first semester of the sophomore year through the first semester of the senior year, he/she will not be eligible for membership or will be temporarily dismissed if he or she has already been inducted into the National Honor Society. The temporary dismissal as a candidate for membership or membership itself shall become permanent if in the following semester the cumulative semester grade point average is not 90.

Temporary dismissal because of failure to meet the scholastic requisite shall be for one semester only. Thereafter, permanent dismissal shall occur if the cumulative semester average falls below that which is required in any succeeding semester.

All members must have a 90 cumulative semester average for the sixth semester.

A student teacher or observer may be assigned to your child's teacher. During this assignment, the student teacher will gradually assume the teaching duties of the teacher.

Please be aware that the student teacher is closely supervised and works side by side with the professional staff

member to which he/she has been assigned.

Any student teacher or student observer candidate participating in any classroom teaching, internship, clinical or field experience shall provide all up to date information required of an employee or prospective employee of the Wilkes-Barre Area School District including the following

Media/Child Photographing

If parent/guardian does not want their child's picture forwarded to any form of media (newspaper, TV) they must notify the school in writing or complete the district supplied form. For additional information please contact school's main office.

GUIDANCE DEPARTMENT

Guidance counselors are available to assist students in all matters relating to academics, personal, and school related conditions that affect student learning, behavior or attendance.

Guidance Services

There is a guidance counselor available to help students with any problem that may arise during the school day.

Students are more than welcome to see the counselor at any time during a study period or the 10th period of the day.

Guidance appointments can be made by

1. Requesting an appointment from the guidance secretary
2. Teacher request
3. Principal's recommendation
4. Parental or community agency referrals
5. Psychologist, nurse or home and school visitor's request
6. Student Assistance Program (SAP) referral

Guidance counselors are responsible for addressing the needs of all students in school. The duties of guidance counselors include admission, orientation and scheduling of new and transferring students, visiting the classroom to give important information to all grade levels, selecting students for advanced classes and special vocational technical classes, keeping accurate cumulative records, administering standardized tests, conferences with parents and teachers, group counseling sessions, counseling failing students, continually updating career information, and actively participating as members of the SAP team.

VOCATIONAL PROGRAMS

Students in 10th–12th grades have the opportunity to participate in vocational/technical education courses at the Wilkes-Barre Area Vocational Technical School (WBAVTS). Students who participate in these programs will attend regular education courses half-day at his/her perspective school and vocational education courses half-day at WBAVTS.

The following is a list of course offerings available at WBAVTS: air conditioning and refrigeration, audio visual communication, auto mechanics, auto body and repair, building and home remodeling, business data processing, carpentry, cosmetology, culinary arts, diesel and heavy equipment mechanics, drafting, electrical construction, engineering related technologies, fashion design and interior decorating, graphic arts, health assistant, ornamental horticulture, machine shop, marketing, masonry, plumbing and pipefitting, residential construction, scientific data processing, warehousing, and welding. Transportation is provided by school district transportation to and from the vocational-technical school as part of the academic schedule. Annually, a letter explaining all rules and provisions for vocational training students is sent to parents/guardians.

HEAD START PROGRAM

Head Start is a program designed for at-risk 9th grade students. At-risk students include those who are at a high risk for dropping out of school, who demonstrate behavioral and/or academic deficiency, and/or who have repeated two (2) grades. Students who meet the criteria will be assigned to Wilkes-Barre Area Vocational Technical School for one school year for all day instruction. Upon completion of the year, the student then returns to his/her home school where he/she will be offered a program in vocational training in grades ten (10) through twelve (12).

ALTERNATIVE EDUCATION SCHOOL

A school program offered by Luzerne Intermediate Unit #18 housed in Plains, Pennsylvania, offers an alternative education system designed to accommodate selective students who are unable to conform to a regular classroom setting. Students are referred and then evaluated based on designated criteria before being accepted into the specially designed program.

STUDENT ASSISTANCE PROGRAM

The Student Assistance Program (SAP) provides an opportunity for educators and staff to identify and help students who have serious problems that interfere with achieving success in school. The main purpose of the program is to recognize students in crisis, to provide direction and support, and to give students information about helpful community agencies or support groups.

The CONCERN team is a group of trained school personnel, mental health professionals, and alcohol/drug consultants who compile data, provide appropriate assessments, share concerns, and meet with parents to disseminate helpful information.

An at-risk student may be referred to the CONCERN team by his/her family, friends, school staff, other students or by any member of the school community. Wilkes-Barre Area School District encourages students to turn to the CONCERN team whenever assistance is needed.

Child find/Child Study

Child find/Child Study is an educational program that is offered at the school. The goals of this program are twofold: (1) to maximize individual student success in the classroom and (2) to act as a screening process for students who may need additional educational services. The Child Study team may address an academic problem, as well as behavioral problems.

The members of the team are the Child Find teacher, a primary and/or an intermediate teacher, the student's teacher, the guidance counselor, school psychologist (if needed), the Principal or assistant Principal, the speech and language teacher (if needed), and, the parent. Since parent input is critical in this process, parents will be encouraged to become an active player in the Child Study process. When there is a need for this intervention, a request for assistance is made by teachers, as well as parents. Please note: If a parent wants his/her child to go through his intervention, he/she is to call the guidance counselor at the school and make a request for assistance.

Special Education Services

The Wilkes-Barre Area School District provides the following special education services for exceptional/eligible students: speech and language support, gifted support, learning support, physical support, emotional support, autistic support, and life skills. The district also contracts services in occupational and physical therapy. These services will be provided to eligible/exceptional children who are identified through a Multi-Disciplinary Evaluation (MDE). A referral for an evaluation is made by the Instructional Support Team, parent/guardian, or guidance counselor. The Multi-Disciplinary Team meeting is followed by an Individual Education Plan (IEP) meeting with the parents and appropriate school personnel.

In addition to these services for children, the Wilkes-Barre Area School District, in cooperation with the Luzerne Intermediate Unit 18, provides the following services: deaf or hearing-impaired support, blind or visually impaired support, and multiple disabilities support.

LEARNING SUPPORT

The Learning Support classes are part of the Special Education Department in the Wilkes-Barre Area School District. The resource teacher provides accommodations and adaptations when necessary and appropriate. The regular education and resource teachers work cooperatively to educate students who are in need of learning support.

EMOTIONAL SUPPORT

The emotional support classes are part of the Special Education Department in the Wilkes-Barre Area School District. The resource teacher provides accommodations and adaptations when necessary and appropriate. The regular education and the resource teacher work cooperatively to educate students who are in need of emotional support.

ENGLISH AS A SECOND LANGUAGE

English as a Second Language (ESL) is a program that is available to any student whose parent indicates that English is not the student's primary language or not the primary language spoken in the home and meets the eligibility requirements for admission into the program. The program is designed to provide English Language Learners with the English Language skills necessary to be successful in meeting the demands of the district's curriculum.

PREGNANT STUDENTS

The Pennsylvania Department of Education (PDE) mandates that pregnancy in itself is not a justifiable cause for students to be absent from regular school attendance.

Pregnant students must make the condition known to the school nurse or guidance counselor. Each will notify the principal and the home and school visitor to ensure that students receive adequate support and assistance in handling this delicate matter. All efforts will be made to encourage students to inform the parent/guardian.

Pregnant students are encouraged to continue regular classroom attendance as long as possible or up to two weeks before delivery date. They should return to school no later than two weeks after delivery or as prescribed by the attending medical practitioners.

While absent, it remains the student's responsibility to keep current with classroom activities.

Pregnant students who are encountering medical problems other than pregnancy itself may be tutored if the attending medical practitioner submits such a request in writing. The request should state the medical diagnosis of the problem, indicate that the problem will continue for duration of no less than six weeks, and that the condition endangers the child, student or both should she remain in school. This medical request for tutoring will be given to the guidance counselor who will then forward it to the director of pupil personnel for approval and home bound instructors.

Pregnant students requesting independent study must request approval of the program from the office of the director of pupil personnel. That office and the school guidance counselor shall provide specific instructions for the program.

Project MOM is a program for pregnant students or for students with children. During the program the students are visited weekly before and after the birth to provide extra support and encouragement. The program also provides information to the student about a variety of topics including nutrition, childcare, daycare, and housing. It also offers assistance with summer school programs and provides career workshops.

FATHERHOOD INITIATIVE PROGRAM

The Fatherhood Initiative Program assists students who are fathers. It too provides valuable information, encouragement, and support similar to the Project MOM program.

WORKING PAPERS

A parent or guardian will obtain an application form from the Pupil Personnel Department. Parent/guardian must have legal proof of the student's age (birth certificate, baptismal certificate, drivers license, etc.) and Social Security number.

The student's employer and a physician must complete the application. A free physical is conducted weekly by the district physician at Coughlin High School in the nurse's office. When completed the application must be returned to the Pupil Personnel Office and the working permit will be issued.

The student must be at least 15 years old to be eligible for a working permit. The student does not need to be present to obtain the application or permit, and no application or permit will be issued if the student appears during school hours.

INSURANCE

Student accident insurance may be purchased early in September for the current school year. For late entries, student accident insurance may also be purchased upon arrival.

NURSE

A nurse is available each day for those students who are injured or who are or become ill. Students who become ill during the day or who sustain injuries should report to the nurse's office for treatment. If the nurse is not available, the student is required to report to the main office.

Please note that Wilkes-Barre Area School District and the school nurse will not be responsible for the diagnosis or treatment of any student's illness/injuries.

A hall pass signed by the classroom teacher (with date, time, & student's name) is required when visiting the nurse, except in emergencies. Students who are injured during the school day must inform the teacher as soon as the accident or injury occurs. No student is allowed to leave the school for illness or injury without approval of the nurse or a school principal. School personnel will notify the parent or guardian when a student is ill or injured and needs to be sent home. Parents will be required to come to the school and pick up the student. Students are discouraged from making telephone calls prior to seeing the nurse.

GYM EXCUSES

Students will be allowed to use a parent's/guardian's note for one gym class per quarter. The nurse must approve this note. Doctor's notes will be required for all other excuses. The nurse will only accept gym excuses before classes begin in the morning of that day. Before an adaptive physical education program is established, a student must be out of gym due to a medical reason for six weeks or longer and doctor's note with a diagnosis and approximate length of time that the student will be excused from class is required.

COMMUNICABLE DISEASES/LICE

A student who is absent from school because of contracting a communicable disease, such as conjunctivitis, ringworm, impetigo, scabies, etc., must present a doctor's note to the nurse upon returning to school. Parents/guardians are asked to inform the school in writing of any health problems a child may experience.

No student suffering from head lice or nits will be permitted to attend school in the Wilkes-Barre Area School District. School nurses will exclude any student with the above condition from school. Such exclusions will continue until all head lice and/or nits are removed before the student may be considered to have recovered so he/she is able to return to school. Parents are given three days to take care of this matter.

If the student does not return to school within three days, his/her absence will be considered illegal. Once the student has been approved to return to school, it is the responsibility of the parent/guardian to take the appropriate actions so that this condition does not occur again. Each consecutive occurrence of lice will be dealt with as if was the students' first.

The school nurse must inspect the student before returning to school. A parent or guardian must accompany the child to be checked before he/she is re-admitted into school. This inspection must occur between 8:00 A.M. and 9:00 A.M. only. Students will be checked for three consecutive weeks for preventive treatment.

MEDICATION OVER THE COUNTER OR PRESCRIPTION

Wilkes-Barre Area School District recognizes that it is more desirable for a student to receive medication at home. However, students who are required to take medication during school hours must comply with Wilkes-Barre Area's policies regarding medication administration. Medication to be taken during school hours must be prescribed by a medical professional licensed by the state of PA. Such prescribed medication shall include patented drug, over-the-counter medicine, vitamins, and herbal medicines. Wilkes-Barre Area School District will not be responsible for the diagnosis or treatment of any student's illness. Due to the legal liability of administering medication to students during the school day, the following policy will be in effect:

1. The parent/guardian must meet with the school nurse or principal (if the nurse is not available) to obtain the Wilkes-Barre Area School District medication form(s). The prescribing doctor must complete this form, and a Wilkes-Barre Area School District medication form must be completed for each medication to be administered during school hours.
2. The parent/guardian must transport a supply of medication in the pharmacy-dispensed container for the student to the school. The medication must be labeled in the pharmacy-dispensed container with the student's name, name of medication, dosage to be given, and time to be given. An improperly labeled container of medication will not be accepted because the risk of liability is great.
3. If a nurse is not present, the parent/guardian or other person authorized by the parent/guardian should administer the medication.

Please note: The ultimate responsibility for administration of medication belongs to the parent/guardian. The parent/guardian is responsible to insure that the school nurse has the correct medication in the pharmacy-dispensed container, the correct dosage, and the correct documentation on file.

HEALTH REQUIREMENTS

Immunizations

Pennsylvania law requires the following immunizations, with their appropriate dosage intervals, before registration or transfer into school:

- 4 doses of Diphtheria, Tetanus, Pertussis (DTP) (4th dose given on or after the 4th birthday)
- 4 doses of Polio (IPV) (4th dose given on or after the 4th birthday)
- 2 doses of Measles, Mumps & Rubella (MMR)

Health Examinations and Screenings

The school nurse performs health screenings throughout the school year as follows:

Height, Weight and Body Mass Index (BMI): grades Kindergarten through 12

Vision screenings: grades Kindergarten through 12

Additional Health-Related Requirements

Emergency Contact Card/Confidential Medical Information Card: On the first day at your child's new school, he/she will be given an Emergency Contact Card/Confidential Medical Information Card to take home, which need to be completed by parents/guardians. Please complete this card fully and return it to the school nurse as soon as possible, in case of an emergency during school hours.

Immunizations: By state law, all students entering school for the first time are required to have proof of immunization against diphtheria, pertussis, tetanus, polio, mumps, measles, rubella, varicella (chicken pox), and hepatitis B as required by the state of Pennsylvania. In addition, by state law, students will be required to have received any additional immunizations directed by state law.

FOOD AND NUTRITION SERVICES

Wilkes-Barre Area School District offers Breakfast and Lunch daily to all students under the Community Eligibility Program. Households no longer need to apply for free/reduced meals as under the provisions of CEP all students are

eligible for Breakfast and Lunch at no cost to the household regardless of income. The only requirement is that the student chooses a complete meal. Partial meals would be charged per item if student refuses the complete meal or for extra portions.

Upon entrance into our district, each student is assigned an account in the cafeteria for access to the program. Each student is assigned a PIN (Personal Identification Number) that is used to access their account. *All students are asked to memorize his/her pin. Make sure not to share this number with anyone. If there are any questions, please contact the Food Service Director at 570 826-7111 ext. 1113.

Ala carte, milk and snacks are available for students to purchase. Students may make deposits to their accounts in advance. When sending in money for your child's food service account, please place the money in an envelope with your child's name, section, the amount of money enclosed, and account number. If you are enclosing a check, please do the same and include your child's name in the memo area on the check. Checks should be made out to Wilkes-Barre Area Cafeteria Fund. Your child can make deposits directly to the cashier at either breakfast or lunch services or give the envelope to his/her homeroom teacher in the morning.

All balances held at the end of the school year will transfer to the next school year.

Using Cafeteria Debit System

SKYWARD, a computerized debit system, is designed for counting the meals served to the students and where money is deposited in advanced for purchases of partial meals, and/or snacks. Partial meals and snacks will be deducted from the account. The deduction occurs when the child enters his/her identification number on a pin pad. When the balance is low, the cafeteria's cashier will remind students that a deposit is due, or if there is no money in the account, the cashier will ask for money to cover the cost of the purchase. To avoid this from happening to your child, it is recommended that you periodically ask your child if his/her account is low. Your student's account activity can be viewed via Family Access on Skyward.

Outstanding Lunch/Breakfast Balances

If a child owes money to the cafeteria (for his/her menu account or tickets), the cashier will remind the student that a deposit is due and a notice will be sent to your home. Also, a conference may be required with the parent and assistant Principal. Students will not be allowed to charge a la carte items until balance is current. All deposits received will be credited to the negative balance first then the excess funds will be available for a la carte purchases. All negative and positive balances will carry forward to the next school year.

MENUS/NUTRITION INFORMATION

School menus are published on the school website, posted in every classroom, and NUTRISLICE. For students carrying their lunches, milk may be purchased.

***Breakfast** will not be served on days when the start of school is delayed due to inclement weather. In addition, lunch is served daily including early dismissals unless otherwise noted on the school calendar.

Students are not allowed to leave the lunchroom without the permission of a school official. If a student is found to be missing from the cafeteria without permission, proper disciplinary action will be taken. There will be no shouting, running, pushing, throwing of objects, or any other disorderly conduct permitted within the cafeteria. Students are responsible for throwing away all garbage and for keeping the immediate area neat. No food or drink is to be taken out of the cafeteria.

Special dietary needs

Special dietary needs and restrictions are handled on an individual basis. The Food Service Director, Nutritionist, and

School Nurse work closely with the parents/guardians and students. The medical plan of care for school food service should be completed each year or is changes occur during the current year. Forms are distributed at the beginning of the school year also the forms are available in the school nurse's office year round.

Debts/Obligations

TRANSPORTATION

Students will be transported to and from school using contracted school buses or Luzerne County Transportation Authority (LCTA) buses. Bus passes will be issued for students who use LCTA busses.

Students can be refused transportation on any school bus. The principal will determine whether the pupil should be suspended from busing privileges and the length of the time of the suspension.

BUS MISCONDUCT

Our school district uses a system of removal of busing privileges for misbehavior on the bus. The following explains the three steps taken:

1. Upon receiving the first written notice of misbehavior from the bus driver, a conference is held in the office with the offending student.
2. Upon receiving a second written notice of misbehavior from the bus driver, a conference is held in the office with the offending student, and the parent is contacted by the assistant principal or principal. The offending student, at this point, is subject to a ten-day suspension of busing privileges. Should the student be removed from the bus for any period of time, the parent will receive notification of such suspension in advanced so the parent can make a contingency plan for getting the child to and from school for the period of time the suspension calls for. Please note, it is the parent's responsibility to ensure that the child gets to and from school safely during the suspension of bus privileges.
3. In the event a third report of misconduct is received from the bus driver, a conference is held in the office

with the offending student, and the parent is contacted by the assistant principal or principal. At this point, the offending student can be removed from busing privileges for the remainder of the school term. Should any child suffer this final sanction of removal from the school bus for the rest of the term, the parent is responsible to see that the child gets to and from school safely during the period involved.

Please note: The principal and/or assistant principal may supercede the system of removal of busing privileges, as warranted by the nature of the offence, by removing the student immediately from the school bus and/or from school.

Students can be refused transportation on any school bus. The Principal will determine whether the pupil should be suspended from busing privileges and the length of time of the suspension. Examples of behavior that could result in disciplinary action are listed below.

Reasons for a student to be refused busing privileges

Consistently distracting the driver's attention

Fighting or annoying other students

Using obscene language

Refusing to remain seated

Throwing any objects while on the bus

Willfully destroying any part of the bus

Using the emergency exits unnecessarily

Smoking on the bus

STUDENTS AND PARENTS RIGHTS

The U.S. Constitution and federal and state statutes spell out individuals' rights, which extend to students who attend public schools and their parents/guardians, though students' rights are somewhat restricted in the school environment. Some of those rights include the following.

1. Students have the right to procedural due process guaranteed by the Fifth and Fourteenth Amendment.
2. The No Child Left Behind Act (NCLB) of 2001 mandates that schools receiving federal funds provide the names of juniors and/or seniors, their addresses, and telephone numbers to military recruiters and institutions of higher education. The law also requires schools to notify parents and students they may agree to not participate so that such information is not released without their prior consent.
3. Under NCLB, the school can have no policy that "otherwise denies participation in constitutionally protected prayer in public schools."
4. The Family Educational Rights and Privacy Act 2000 (FERPA) ensures that parents and students
 - A. have a right to inspect and review educational records;*
 - B. have a right to request an amendment to the educational record;*
 - C. have a right to consent to disclosures of the student's record;
 - D. have a right to file a complaint with the Family Compliance Office of the Department of Education.

*Call the guidance office for an appointment.

5. The Protection of Pupil's Rights Amendment of 2001 (PPRA) ensures that instructional materials are made available if those materials will be used in connection with a survey, analysis or evaluation in which children participate, and requires parental permission if the survey, analysis or evaluation asks children to reveal information related to any one of the following categories.

- A. Political affiliations or beliefs held by the student's family
- B. Psychological issues of the student or the student's family
- C. Sexual attitudes or behaviors
- D. Anti-social, self-incriminating or illegal behavior of the student
- E. Critical appraisals of other individuals with whom the student has a close family relationship
- F. Information related to a legal privileged relationship such as attorney/client or doctor/patient
- G. Religious practices, affiliations or beliefs held by the student or student's family
- H. Income, where the information is not related to evaluating the student's eligibility for a financial assistance program

Under the No Child Left Behind Act, there are new requirements under PPRA.

- A. Parents have a right to inspect surveys created by an outside party in addition to instructional materials used as part of the school's curriculum.
- B. The parent can agree to not participate on the child's behalf for activities in which personal information is collected for marketing and selling in addition to non-emergency, invasive physical exams or screenings that are required for attendance, administered by the school, scheduled in advance, and not necessary to protect the immediate health of the student or other students.

FERPA and NCLBA NOTIFICATION

To comply with the above laws, secondary students and their parents are hereby notified that directory information (names, addresses, and telephone numbers) are provided to military recruiters and institutions of higher education subject to a parent's request not to disclose such information without written consent.

If parents/guardians wish to deny access to this directory information, they must send a signed, dated request to the guidance office stating the desire to have their son or daughter excluded. The written request must be received before the start of the school year, as the directory information must be provided to the armed services or colleges beginning on the first day of school. Sending the request to the guidance office in the summer before the beginning of the school year is recommended. The request to have the child's directory information excluded must be made each school year. Contact the student's guidance counselor if further clarification is necessary.

Under the No Child Left Behind Act, “Parent-Right-To-Know” requirements.

School districts receiving Title I Funding are required to make known to parents the professional qualifications of their child’s teacher and/or paraprofessional. These qualifications are available at your request by contacting the district office.

ATHLETIC DRUG AND ALCOHOL POLICY

Introduction

The Wilkes-Barre Area School District is committed to programs that promote student safety, health and well-being, and also successful school performance. In support of these commitments, our Drug and Alcohol Policy has been developed seeking to establish an environment free from the adverse effects of drugs and alcohol. The use of alcohol, tobacco, and controlled substances, including steroids, is an extremely serious health issue. Such use places the quality of life for the student athlete in jeopardy. Also at issue is the interdependency of team members and coaches, which requires that all student athletes be mentally and physically prepared to give their best effort. This athletic drug & alcohol policy of zero tolerance extends district influence to beyond school property, outside of school related time, 24 hours a day, 7 days a week, 52 weeks of the year, for all our student athletes. It's intent is not to supplant or replace our district's current policy, but rather amplify or escalate that which currently exists. It is with this conviction that our district's tobacco/drug and alcohol policy for student athletes was written.

General Conduct Requirements:

Participants are to abide by all rules and regulations stated in the school's Student Handbook, Athletic Code, and the Wilkes-Barre Area School District policies for Student Conduct. Failure to do so will result in discipline and/or suspension from participation. Discipline that is administered is cumulative for the duration of high school eligibility.

Procedures To Be Followed:

It is the responsibility of the school eligibility committee to investigate any incidents of substance/alcohol abuse by student athletes. This committee consists of, but is not restricted to the principal, assistant principal, dean of students, athletic director, coaches, school resource officer,

district security director, and teachers.

The committee is charged with gathering evidence in order to reach a decision concerning possible violations of the district's drug & alcohol policy for athletes. For the sanctions to be levied against athletes, the committee must prove and confirm any violation that may exist. "Confirmed Violations" are only achieved through a collection of evidence which proves by a preponderance of the evidence, that the drug and alcohol guidelines for athletes was violated. Student athletes who are accused of violations will also have the opportunity to present evidence to the committee regarding the decision. At this time recommendations will be suggested to the principal who will confer with the Superintendent on what course of action should be taken. Parents will be notified and allowed to address the committee regarding any decisions rendered. Sanctions will include the suspension of student athletes regarding athletic competition for in-season days. In-season days are defined as a time when the sports teams practice, scrimmage, or participate in games during the regularly scheduled season, which may include playoff competition.

Note: If the confirmed violation occurs during a time when the athlete is not participating in a sport, the sanction will be applied during the next athletic season in which the student athlete participates.

Tobacco Use or Possession

The Wilkes-Barre Area School District has enacted a strict smoking and tobacco policy of zero tolerance. Therefore student athletes who use or possess tobacco products will be subject to prosecution and the following sanctions if such violations are confirmed:

First Confirmed Violation

Tobacco

A student athlete shall not be allowed to participate in one (1) practice from the time school officials confirm a tobacco violation. A reduction of sanctions may be granted for participation in tobacco cessation classes. The full suspension is to be reinstated if the cessation program is not completed.

Second Confirmed Violation

Tobacco

A student athlete shall not be allowed to participate in five (5) practices from the time school officials confirm a tobacco violation. A reduction of sanctions may be granted for participation in tobacco cessation classes. The full suspension is to be reinstated if the cessation program is not completed.

Third Confirmed Violation

Tobacco

A student athlete shall be suspended from participation in one (1) athletic contest from the time school officials confirm a tobacco violation. Athletes will be allowed to practice. After any suspension for tobacco use the student shall meet with the school eligibility committee and request approval for future participation.

Alcohol, Drugs and Controlled Substances

The following code provides sanctions for the possession, being under the influence, or sale/transfer of alcohol, legend drugs, drugs obtained through prescription, and controlled substances. Drugs shall include alcohol or any malt beverage inclusive of wine coolers, designer drugs, anabolic steroids; any drug from any of the four (4) classes of drugs, hallucinogens, narcotics, amphetamines, barbiturates; any volatile solvents or inhalants such as but not limited to, glue, varnish remover, lighter fluid. etc., any chemical manufactured in a clandestine laboratory such as, but not limited to amyl and butyl nitrate, and any drug covered by the Pennsylvania Drug Device and Cosmetic Act and Controlled Substance Act of 1970. Violations are considered cumulative for the duration of the student-athlete's high school eligibility.

In regard to over the counter drugs, their use is prohibited by this policy if they are used contrary to manufacturer's directions or in an abusive manner with the intention to receive a mind altering effect.

Student athletes who attend and remain at any function where alcohol or drugs are illegally used shall be ineligible for 5 in-season days for the time of this confirmed violation.

Upon return from ineligibility a required number of practices may be necessary prior to participating in competition.

If at any time, the student-athlete is found to be untruthful or uncooperative with the investigation of a violation, further sanctions may be imposed.

It is the responsibility of the student athlete to report any and all outside school violations to the Coach or Athletic Director. Failure to do so will result in all violations being treated as a second violation.

Policy referrals:

This policy addresses different referrals that may be submitted to the school eligibility committee. A voluntary referral is defined as a rehabilitative or "help seeking" action which will be considered as such by the school eligibility committee. These referrals can be made by the athlete's themselves or by another concerned individual. Listed below are examples of voluntary referrals:

Concerned person referral: A referral made by a third party, usually a teammate, fellow student or parent approaches the coach, athletic director or principal with information about an athlete concerning an abuse problem.

Self-referral The athlete under his or her own initiative approaches the coach, athletic director or principal.

A Non-Voluntary referral is based on a willful violation of this policy. A "Bust" as it is commonly referred to, requires that the student -athlete accept and comply with the treatment recommendations made by WVD&A.

Note: Acceptance of referral is a condition for student-athlete continuance in athletic participation. All referrals will be made to Wyoming Valley Alcohol and Drug Services Inc., 437 N. Main St. for assessment evaluation.

In no instance shall participation in school and/or community approved assistance program excuse a student from compliance with these regulations. However, successful completion of an approved program may be considered regarding eligibility to be re-instated pending recommendation of the eligibility committee.

The school principal, as always, shall confer with the Superintendent as to the committee's recommendation regarding the student's future participation in interscholastic sports. All referrals will be investigated in a timely fashion to the best ability of the school eligibility committee

SEARCH AND SEIZURE OF STUDENTS RELATED TO REASONABLE SUSPICION

It is the policy of the Wilkes-Barre Area School District that public school officials can conduct a search of a specific individual school student and his/her belongings, without a warrant, as long as: (1) REASONABLE SUSPICION exists to believe that a student is violating the law or rules of the school; and (2) the SCOPE of the conducted search is reasonably related to the circumstances justifying the search in the first place.

REASONABLE SUSPICION - In what is called a “Landmark Case,” New Jersey vs. T.L.O., the United States Supreme Court decided that school officials only require reasonable suspicion to search a student. The courts have concluded that school officials are exempt from the normal dictates of the fourth Amendment (Unreasonable Searches) by virtue of the special nature of their authority over school children. Teachers and school administrators act in loco parentis and, therefore, are acting as a parent/guardian, not the state, and, therefore, are not subject to the restrictions of the Fourth Amendment. Reasonable Suspicion means more than mere suspicion. School authorities must apply an objective test in determining whether reasonable suspicion exists. Reasonable suspicion should be based on one or more of the following.

1. eyewitness testimony
2. a student’s past record, reputation, age and history
3. information obtained through an informant or through reliable statements which incriminate the student
4. any other independent evidence which gives rise to a reasonable conclusion that the student has engaged in a violation of school policy
5. the exigency to make the search without delay

B. MOTOR VEHICLE SEARCHES

Students by virtue of having the privilege of parking a motor vehicle on school property are deemed to have given prior consent for search of a motor vehicle that has been brought by the student onto school premises. The principal or member of the administrative staff may authorize a search of a motor vehicle on school premises if there is reasonable suspicion the search will result in the discovery of illegal, unauthorized, contraband or other prohibited articles.

C. JUSTIFICATION OF ANY SEARCH AND/OR SEIZURE SHALL BE BASED ON

1. Reasonable suspicion that the law or a school rule has been violated.
2. Information, facts or circumstances that would lead a reasonable person to conclude that evidence of a crime or rule violation would be found in the search.
3. The relationship between the extensiveness of the search and the evidence being sought.
4. The relationship between the severity of the threat and the degree of intrusiveness in conducting the search.
5. The presence of any special legal considerations such as whether the

student did not have a reasonable expectation of privacy, the object(s) seized fell within the plain view of an official who had a right to be at that location or the student voluntarily consented to the search.

D. SEARCH OF STUDENT’S BELONGINGS

The Wilkes-Barre Area School District is committed to ensuring that all students and staff members are provided a safe environment in which to teach and learn. To ensure this commitment, it is the policy of the Wilkes-Barre Area School District that public school officials can conduct a search of school student’s belongings when he/she is on school grounds, attending any school sponsored events or in conveyance providing transportation to and from school or school sponsored events. All belongings may be searched without warning at anytime pursuant to a school-wide regulatory search without reasonable suspicion, in order to seize any illegal material or materials, which pose a threat to the health, safety or welfare of the students, staff, and faculty in the school. The belongings are but not limited to sport bags, lunch bags, purses, musical instrument cases, (book bags and backpacks in elementary schools), trappers, or any item capable of concealing illegal, unauthorized, contraband or other prohibited articles. Any illegal, unauthorized, contraband or other prohibited articles found in students’ belongings shall be seized and used for evidence in disciplinary, juvenile or criminal proceedings. Seized items will be turned over to the school resource/police officer to begin a chain of evidence. Appropriate law enforcement officials shall be notified if applicable.

E. BODY SEARCHES

Strip searches invade the most private sphere of students and their bodies. In order to comply with New Jersey vs. T.L.O., a strip search should be performed only under the most extreme circumstances. It should be based on ample, reliable evidence of immediately dangerous drugs or weapons, and must be consistent with the student’s age and sex. Even under those circumstances, a prudent school official should seek justifying evidence that almost or in fact meets the “probable cause” standard of the Fourth Amendment as applied to non-students. School personnel should NEVER conduct a visual or manual body cavity search involving the visual examination or touching of the student’s anal and genital areas. This is a police matter and should be handled by appropriate officials exclusively.

USE AND OPERATION OF HAND HELD METAL DETECTORS AND PORTABLE METAL DETECTION SYSTEM

Policy

It is the policy of the Wilkes-Barre Area School District to be committed to insuring that every student and staff member are provided a safe environment in which to teach and learn. Therefore, the District has enacted the use of hand held metal detectors and portable metal detection system to assist and aid in the safety of our students and staff. Adults, visitors, students and staff are reminded that bringing a weapon to school will not be tolerated by the District at any time.

Training

Prior to the initiation of hand held metal detectors and the portable metal detection system all personnel who will be conducting the scans will be trained in the calibration, operation, and maintenance of the equipment.

HAND HELD METAL DETECTORS

Purpose

The purpose of using a hand held metal detector is to increase security in our District buildings and to aid in protecting the students and staff.

Hand held metal detectors will only be used at the following times:

1. To search a student when “reasonable suspicion” has been determined that the student may be carrying a weapon.
2. When a parent consent form has been signed as part of a behavior contract.
3. Randomly select a classroom and scan every person in the room. Keep a log of classrooms scanned.
4. Randomly scan students while in school buildings, on school buses, on school grounds or school sponsored events.
5. Scan student’s sport bags, lunch bags, purses, musical instrument cases, lockers, desks, (book bag and backpack in elementary schools), or any item capable of concealing a weapon.

Exceptions

Students who should NOT be scanned for medical reasons shall contact the Principal of the school. It is the responsibility of the student to notify the District of any exceptions to the use and operation of hand held metal detectors.

Operation of Hand Held Metal Detectors

The person operating the hand metal detector shall always operate this equipment in a professional manner and shall remain observant and committed to task.

The person shall be careful not to be distracted by the student being searched or by other activity in the area. The person shall stand in an area where he/she can approach the subject of the search from four sides.

The person shall test the metal detector on a known metal object prior to beginning each search of a person. This is to verify that the equipment is working and to notify the subject of the search that the equipment is working.

It is not recommended that the scanning process take place in a private room or area. To avoid possible misconduct, accusations of misconduct, or a confrontation with a visitor or student who does end up actually having a weapon, all of the weapon detection programs functions should be performed in view of everybody else. The exception is the unusual circumstance wherein a person is suspected of hiding some type of contraband in a private area of their body. At this point the Principal, Director of Police Operations and the School Resource Officer shall be notified.

PORTABLE METAL DETECTION SYSTEM

Purpose

The purpose of the Administrative Entry Search program is to prevent weapons and illegal contraband from being brought into the buildings of the Wilkes-Barre Area School District. It is designed to deter violence and serious physical injury in District buildings by inhibiting the access of persons in possession of weapons and/or other contraband into school facilities.

Procedures

Any individual who enters a Wilkes-Barre Area School District building is subject to an administrative entry search. An administrative entry search requires all persons subject to the search to be scanned with a walk-thru metal detection system. **The search can be conducted randomly.**

The search procedure may include all individuals entering a school building during the regular school day and when school is not in session. **The procedure will not be used to single out any particular individuals, or any profile for a search.**

Any person who refuses to cooperate in the scanning process will be referred promptly to the principal, if a student, or his/her designee for appropriate action. Any other person who refuses to cooperate in the scanning process will be denied entry into the building.

Walk-thru Metal Detectors will be used in all Wilkes-Barre Area School District buildings whenever available. **All visitors and students are subject to the search.**

Operation of Portable Metal Detectors

ADULTS/VISITORS/STUDENTS/STAFF will be asked to remove all metal object (s) from their person and place them in a tray that is provided for their convenience.

When a person walks through the metal detector and the alarm sounds, he/she shall be instructed to remove all metal objects from his/her person, and shall be instructed to walk through the metal detector again. If the alarm does not sound the articles which have been removed will be examined, then returned to the person, and the individual will be allowed to pass into the secure area.

Persons should never be allowed to enter the secure area until they can walk through the metal detector without sounding the alarm or until some form of secondary search using a hand held metal detector can identify the item causing the alarm.

Enforcement

Any illegal, unauthorized, contraband, weapons or other articles found on adults/visitors/students or in adult's/visitor's/student's belongings shall be seized for evidence in disciplinary, juvenile or criminal proceedings. Seized items will be turned over to the school resource officer to begin a chain of evidence.

In cases when there is reasonable suspicion that a weapon may be present, the school resource officer shall be present at the time of the screening.

Searches are conducted for district's purposes and not for the primary purpose of gathering evidence or instituting criminal proceedings; however, if a weapon is found, the school resource officer shall be notified and the student or visitor with a weapon shall face disciplinary action and or criminal charges.

Signs shall be posted notifying students and visitors that they are subject to unannounced electronic screenings for weapons.

The person using the metal detector may be of either gender, regardless of the gender of the person subject to the electronic screening for weapons.

In conjunction with using the metal detectors, school personnel may inspect the contents of any backpack, bookbag, purse, or parcel for the limited purpose of determining whether a weapon is concealed therein.

If individuals being screened activate the detector and they refuse to reveal the metal object, the school resource officer shall be notified.

If a weapon is discovered, the school resource officer shall be notified immediately, and the weapon shall be held by the school official who discovers it until the school resource officer arrives at the scene.

Introduction

The Wilkes-Barre Areas School District (WBASD) provides electronic mail (email) resources for its employees. For purposes of this document, an employee is defined as one who receives a regular payroll check generated by WBASD and is currently employed by the school district. Email is defined as a document created, transmitted and/or received through the WBASD mail system using either a personal computer or a computer owned by the school district. The school district's Statement of Employee Email Policy defines the policies that will ensure the continuous service of the WBASD Electronic Mail System.

Statement of Employee Email Policy

It is the intent of the Wilkes-Barre Area School District to maintain the privacy and integrity of email created using the District Mail System. However, employees should be aware that any email generated is considered public record, and subject to the Pennsylvania Act of June 21, 1957 (P.L. 390, No. 212), as amended by Act 2002-50, 65 P.S. §§66.1-66.9, commonly known as the "Right to Know Act," and Act 3 of 2008, commonly known as the Open Records Law as well as the United States Electronic Communications Privacy Act, 18 U.S. Code Sections 2501 and 2701.

Email correspondence may be subject to public inspection and may be used as evidence in litigation. Employees should also know that while every attempt will be made to secure the District Mail System, WBASD cannot guarantee the privacy of email sent, received or stored due to the nature of electronic communication technology.

Acceptable Use of the District Mail System

The purpose of the District Mail System is to provide WBASD authorized users with the ability to communicate through email for educational purposes. Communication with peers for academic or school related business purposes is acceptable, as well as email to students, parents and the community. Employees should be aware, however, that any written communication is considered to be a legal document and may be used as evidence in litigation.

Unacceptable uses of the District Mail System

1. Allowing an unauthorized user to access the system.
2. Using email for personal monetary gain that is not related to school business.
3. Harassing other authorized users or generating harassing email to anyone.
4. Sending information that violates copyright laws, such as copied images, documents and music files.
5. Personal email not related to school business.
6. Posting items for sale or rent for personal monetary gain.
7. Distribution of pornographic or other offensive materials or images.
8. Generation of email using a false identity, or pretending to be someone else (spoofing).

9. Generation of junk email to blocks of users (spamming).
10. Any unauthorized use of the system, including attempt of disruption of services, interception of other users email, or attempt to breach the security of the mail system.

Rights of the Wilkes-Barre Area School District

The Wilkes-Barre Area School District, as owner of the District Mail System, has the right to obtain copy and archive all documents or communications created using the system. These documents may be subject to public inspection, under the Pennsylvania Open Records Law.

WBASD will also monitor any email communications at any time for the purpose of maintaining the integrity and continued operation of the District Mail System without providing notification to the employee. To the extent of the law, WBASD also retains the right to disclose the contents of an employee's mail without the consent of the employee. Disclosure of email would occur if requested by authorized personnel or law enforcement officials, as a response to a request for information in an investigation of unacceptable use or misconduct. An employee should be aware that their email content is subject to review at any time by authorized personnel.

Termination of Services

WBASD reserves the right to terminate an employee's use of the District Mail System for inappropriate or unacceptable use as outlined in this document. Employees should be aware that should their mail services be terminated, other disciplinary actions may be taken as well.

AUP – Addendum 2

User Account and File Management Policy

Introduction

This addendum is to establish a standard for the creation, administration, and removal of accounts that are utilized to gain access to resources made available on the Wilkes-Barre Area School District data network and other networks used by the Wilkes-Barre Area School District. Additionally, this addendum will address responsibilities of data security and file protection.

Scope

This policy pertains to all account holders on the Wilkes-Barre Area School District data network as well as those listed in the AUP. This policy covers all accounts including generic accounts created for specific access requests.

Definitions

AUP – An acceptable use policy (AUP) is a document that outlines a set of rules to be followed by users of computing resources, which could be a computer network, website or large computer system. An AUP clearly states what the user is and is not allowed to do with these resources.

User Account - A collection of data associated with a particular user of a multiuser computer system. Each account comprises a username and password, and defines security access levels, disk storage space, etc.

Data Stewardship - Data stewardship is the management and oversight of data assets to help provide users with high-quality data that is easily accessible in a consistent manner.

Procedures

User accounts that access information resources require a set of procedures that allow for the creation, disabling and termination of access rights to the Wilkes-Barre Area School District data network and related resources.

1. User Account Administration

a. Accounts

There are five types of accounts that are created; each have a unique set of procedures to insure security. Users are responsible for all activity performed with their Wilkes-Barre Area School District user account. These accounts may not be utilized by anyone other than the individual or group to whom they have been issued.

i. Administrators/Teachers/Staff

Requests are created by Human Resources and/or building principals. Once the request is made, the technology department will create a username, password and

email account. The password will initially be a generic password and the user will be required to change their password the first time they logon. All first time logons must be on a district workstation. All users must read and sign an AUP prior to receiving their account logon information.

ii. **Student**

Student accounts and passwords are generated by the Student Management System. Accounts are created via an automated processes. Building administrators and classroom teachers have access to the student's username and password via the Student Management System. Requests for changing of student accounts must be provided by the building principal. Accounts are activated only after receipt of a valid AUP signed by a parent or guardian.

iii. **Passwords**

Regardless of the circumstances, passwords must remain confidential and should never be shared or revealed to anyone besides the authorized user. If such action takes place, the authorized user assumes the responsibility for actions that the other party takes with their password.

iv. **Generic Lab Account**

Generic accounts are created for special projects and groups in which students are in a restricted lab environment. The accounts are generated by the Technology Department and passwords are provided at the time of creation. No AUP is provided as this is a restricted account for a specific educational project.

v. **Contracted Services Account**

Contracted Services Accounts are created for users that provide specific services to the district. These accounts are restricted to the function of the service and are created and maintained by the Technology Department on an individual basis. All individuals receiving a Contracted Services Account must read and sign an AUP prior to receiving their account credentials.

vi. **Guest Accounts**

Guest Accounts are temporary accounts generated when the district or building has visitors that require Internet access. Special accounts are created for these guests and will expire at 11:59 pm on the day of creation. All guests are required to read and sign an AUP prior to receiving an account from the Technology Department. Guest accounts will initially be created with the same limited access rights as a student account.

2. **File Management**

Administrators, teachers, staff and students have the ability to create and save files. The primary designated storage space for all files may be one of the following: district "H" drive, cloud services such as Google Drive or Office 365 One Drive, or USB stick.

a. **Local Computer Storage**

The Wilkes-Barre Area School District does not support or recommend that any file created by an account holder be stored on the local workstation. This includes but not limited to the local “C” drive, desktop or “My Documents”. Files located on the local workstation are not backed up and are subject to removal during upgrade procedures or if a machine becomes infected with malicious software.

b. **Privacy Notice**

Pennsylvania has an "Open Records Law" that allows any member of the public to inspect most records maintained by the District. Both Pennsylvania and Federal law identify select records that are confidential or that may be disclosed only for limited purposes such as student records and personal information.

Any file created with a district user account carry no expectation of privacy and is subject for review.

3. **Cloud and District Applications**

Applications that are cloud or district based and require user authentication are subject to the same guidelines and procedures as outlined in this policy, regardless of the location that access has been obtained.

4. **Compliance**

All Wilkes-Barre Area School District Account holders are required to comply with this policy. The District reserves the right to deny, to limit, to restrict or extend privileges and access to its Information Technology Accounts and Resources.

5. **Review/Amendment**

The Wilkes-Barre Area School District, through review and amendment, reserves the right to amend this policy at any time without prior notice in order to provide better information and technology access to administrators, teachers, staff, students or any other individual using these accounts at the Wilkes-Barre Area School District.

5. The conduct involves the theft or vandalism of school property.
6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.
