At this time Miss Katsock presented the following information in regard to the "Pathway to the Future" that was passed under Unfinished Business at this evening's Regular Board Meeting of April 11, 2016.

Miss Katsock informed those in attendance that she did not have copies of the "Pathway to the Future" available with the Regular Board Meeting Agenda because she (Miss Katsock) waited to see if it was passed by the Board before making copies available to the public. Miss Katsock noted that the "Pathway to the Future" is in four phases for four school years and there is only borrowing in year one. Miss Katsock indicated that what is common to each of these school years are District wide cuts and these cuts are going to be difficult District wide cuts in year one and in year four because of the amounts. Miss Katsock stated that as of right now a District wide cut of approximately four million dollars for year one. Miss Katsock further stated that in regard to borrowing for Debt Service Payment, the Budget Finance Committee initially proposed a four million dollar cut and a four million dollar borrow; however, the Board received bad news at the last Budget Finance Committee Meeting in regard to not receiving the entire State subsidy that was promised to the District. Miss Katsock stated that if the District does not raise the Debt Service Payment by that additional amount of money, which is 1.3 million dollars, the District will not enter into next years' Budget year with a balanced Budget. Miss Katsock noted that in order to enter next year with a balanced Budget, the District will need to add the 1.3 million dollars. Miss Katsock informed the public that the Budget Finance Committee was able to chip away a little bit at that figure and Mr. Wendolowski has assured the Budget Finance Committee, that the District will receive a minimum of five hundred thousand dollars in revenue from reverse tax appeals and that amount of money will be deducted from the amount of money the District will borrow. Miss Katsock explained that for year one, the District is looking at a proposed cut of four million dollars and a proposed borrow of four point eight million dollars. Miss Katsock noted that when you review the "Pathway to the Future", you will notice as the District goes through the additional years there are District wide cuts in various amounts of money, however, the most important thing is that the District re-establish the "Capital Fund Balance" and by year four preserve that at a minimum of at least four million dollars. Miss Katsock publically thanked her Budget Finance Committee and stated that she truly wished to thank Mr. Brian Costello, who was the first individual who brought something to the Budget Finance Committee and the Budget Finance Committee was able to tweak that. Miss Katsock informed the public that the Board would be meeting in Executive Session on April 19, 2016, to begin the process of District wide cuts in the amount of four million dollars and as we establish those cuts, we will present those cuts to inform the public how the District is going to achieve the District wide cuts in the amount of four million dollars.

New Business

At this time Mr. Evans made the following statement and motion.

Dr. Prevuznak, President Caffrey, Members of the Wilkes-Barre Area School Board; After serving on this Board for almost three years as well as the Feasibility Committee, I have concluded that our present plan vote in June of 2015, lacked a "better plan" to meet the needs of every student as well as meeting our fiscal responsibility to our taxpayers. Not immediately, however, in the foreseeable future, this goal will be attained.

Therefore, I humbly make a motion tonight for "full" consolidation of our three Senior High schools, thus affording our students from G.A.R. High School the same state of the art and technological education as our students at Meyers and Coughlin High Schools.

Mr. Evans moved, seconded by Ms. Thomas, in order to begin the process of moving to a full high school consolidation at the North Washington site, that includes G.A.R Memorial High School as part of the fully consolidated high school, I move to authorize the Design Team to revise the District wide Feasibility Study, as necessary, to accomplish the full consolidation of high schools and to prepare all required PlanCon documentation in that regard.

After extensive discussion by the Board in regard to the above motion the vote was as follows:

3 Ayes: Evans, Susek, Thomas

6 Nays: Galella, Geiger, Katsock, Quinn, Walker, Caffrey

Motion did not pass

At this time Miss Katsock informed the Board that in the best interest to move "Pathway to the Future" forward, it is necessary to engage a registered financial advisor. Miss Katsock noted that because the State Budget was passed, the District can no longer borrow on unfunded debt so it is necessary to find a more creative way to borrow.

Miss Katsock moved, seconded by Ms. Thomas, to enter into a contract with Casecon Capital Inc., 400 Spruce Street, Suite 303, Scranton, PA, who is an independent registered Municipal Advisor with a Municipal Securities identification number as well as a SEC identification number. The vote was as follows:

9 Ayes: Evans, Galella, Geiger, Katsock, Quinn, Susek, Thomas, Walker, Caffrey

Dr. Susek moved, seconded by Rev. Walker, to approve the second lowest bid from Abmech, Inc. in the amount of \$2,893,400.00 for the Environmental Abatement at Coughlin High School.
