

USING ICONS AS LINKS:

1. Find the image you want as your icon, right click on it and select **Save Image As**.

2. After clicking **Add a New Link**, enter your title, URL, description and date visible/expires as necessary (remember, if date visible and expired are left blank - the link will show until you delete it).

Add A New Link

Link Title:

Link URL:

Description:

Display Link In New Window

Date Visible: (mm/dd/yyyy format)

Date Expires: (mm/dd/yyyy format)

Save Save & New Cancel

3. Next - browse for your **Link Image** and click **Save**.

4. When you pull up your web site, it will now show an image for your link instead of just a title.
