Parent Tips for School Success Parent ENGAGEMENT = School Success!

Ideas for Active Summer Learning

"Kids who don't have educationally rich summers will be nearly three years behind their peers by the time they reach the end of the fifth grade... Much like we would expect an athlete or a musician's performance to suffer if they didn't practice regularly, the same thing is true for young people when it comes to reading performance."

Ron Fairchild, Founding CEO, National Summer Learning Association

School may be out but learning is still in! Try some of these ideas to keep your child engaged:

***Build reading and writing into everyday activities.** Some ideas to pass along: (1) watching TV with the sound off and closed captioning on, (2) reading directions for how to play a new game, or (3) helping with meals by writing up a grocery list, finding things in the grocery store, and reading the recipe aloud for mom or dad during cooking time.

***Read about your world.** [Newsela](#) builds nonfiction literacy and awareness of world events by providing access to hundreds of fresh news articles (you can filter by grade). Other good sources of quality nonfiction include [Time for Kids](#) online and many children's magazines offered by Cricket Media, National Geographic, and other publishers.

***Active bodies. Active minds.** From the American Library Association, [ilovelibraries](#) has suggestions for staying fit and having fun that start at your local library.

***Get to your local public library to sign kids up for summer reading before school is out.** Talk to them about summer activities, educational videos, and audio books at the library and to distribute summer reading program materials.

***Make cool things.** Find loads of hands-on activities at [Start with a Book](#). Just choose from one of 24 topics (art, music, dinosaurs, bugs, detectives, flight, sports, stars, planets and the night sky ... and more) and start exploring.

RIF at Solomon-Plains Elementary School

Our Reading is Fundamental Program took place at Solomon Elementary School this spring. This exciting event is sponsored every year by UGI. Students in first grade were able to select some favorite books of their choice to take home and enjoy with their family. Classroom teachers along with our Title I Parent Liaison, Lorrie Gardner, helped with the book distribution. The students had fun reading their new books while they relaxed with a cool and refreshing popsicle. Thanks UGI!

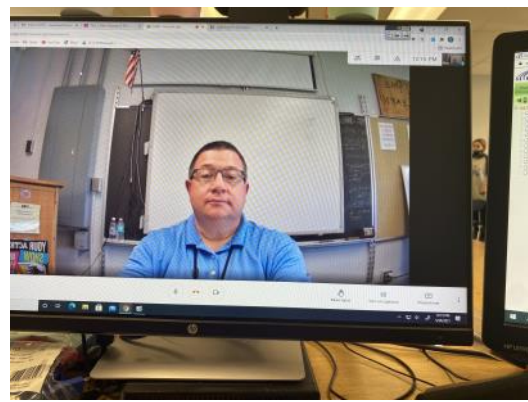

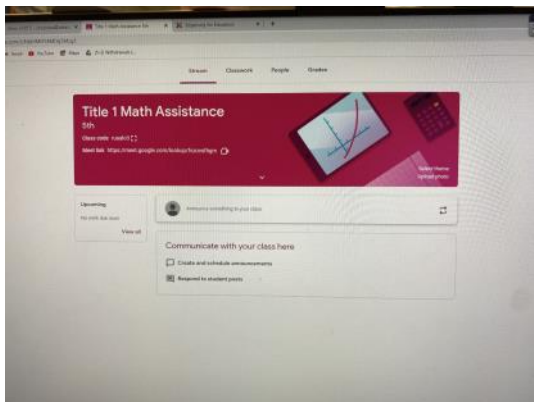

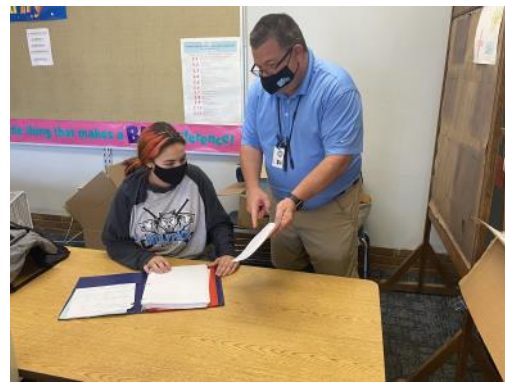

Wolfpack at G.A.R Campus

Title I Math = Success

Title I Math Teacher/Parent Liaison Christopher Buzinkai is wrapping up the school year with his Title I math students. Mr. Buzinkai is celebrating a successful year with both his “pull out” students and virtual students. He provided extra math support through the use of one on one instruction, small group differentiation and technology. Ongoing parent communication was also a key ingredient of his student success!!

Wolfpack at Meyers Campus Title I Parent & Family Event “End of Tutoring Celebration!”

On May 27, 2021 students and families got together to celebrate their child’s success for attending the Wolfpack at Meyers Campus after school tutoring program. Title I Math teacher/Parent Liaison Brenda Cavalari along with Principals Rob Watkins and Mike Grebeck hosted a cookout dinner for families as well as an ice cream truck treat. Students received math/reading workbooks and supplies to help keep skills sharp over the summer. The families received Channing Bete pamphlets on “Improving Your Child’s Education” and information on how to be involved in their child’s learning. All of the students hard work and participation made the after school tutoring program a success!
